

**THE Universal Counterfeit & Altered Bank NOTE DETECTOR.**

The Subscriber desires to call the attention of the business public to a system of Counterfeit and Altered Bank Note detection, by which any counterfeit or altered note of any modern plate in the U. S. can be infallibly detected at a glance. The system consists of eight simple rules which explain the principle of the work of the several kinds of expensive and perfect engraving engines in general used by all bank note engraving Co., and show wherein all counterfeiters fail in imitating some one thing or other. Counterfeiters may be ever so well acquainted with the system, but their knowledge will only serve to demonstrate the folly of their ever attempting to imitate exactly a genuine plate; for the capital necessary to do this may be much more profitably employed in executing genuine notes for the use of banks.

The Subscriber's brother has published a little work embodying this system which may be briefly described in the following terms:

The Universal Counterfeit and Altered Note Detector at Sight! applicable to any bank in the U. S. now in circulation or hereafter issued; a small pamphlet of 20 pages, with illustrative diagrams.

The New York Scientific American of February 23d says of this work:

Our readers will see in another column the advertisement of H. C. Foot's Universal Counterfeit Bank Note Detector. We have examined the system, and have no hesitation in stating that it will do more than all others now in use, towards ridding the country of counterfeit notes. The instructions which accompany the magnifying glass, will enable a person with very little trouble to determine between good and bad notes. We notice among those who have recommended the system, the names of F. W. Edwards, Esq., Cashier of the Union Bank; N. Y. E. H. Arthur, Esq., of the Union Bank; C. S. Sloan, brother, Wall Street, and many other prominent money-dealers. From what we can learn, we should think it a subject of Universal interest.

Commendable notices from other papers might be given, but this suffices for the present. The Subscriber will give lessons in this system to any requiring it, terms, \$3.00. Besides the instructions, a magnifying glass and the pamphlet will be given without extra charges. Terms for the pamphlet and glass alone, \$2.

P. S. If satisfaction is not given, the money will be refunded. EDW. FOOTE, February 28.

**Recommendations.**

From the Hon. Henry King. I have examined with some care the mode of detecting counterfeit Bank Notes, as explained in 'The Universal Counterfeit Bank Note Detector,' by H. C. Foot, and am of opinion that any person who fully understands the rules laid down, may readily distinguish a counterfeit from a genuine Bank Note. The art cannot fail to be of great use to all men of business who make themselves masters of it. HENRY KING.

I have taken a lesson in the art of detecting counterfeit and altered Bank Notes from Mr. Gilbert who teaches a system similar to that taught by Mr. Foot. I have examined Mr. Foot's rules and have no hesitation in saying that they are good and if rightly observed, would afford very great protection to those who are accustomed to handle Bank Notes. WILLIAM S. YORNER, March 7.

**Brandreth's Pills, FOR THE CURE OF Consumption, Coughs, Colds, &c. TO THE PUBLIC!**

THOSE who are suffering from debilitating or Intermittent Bilious Complaints, should read the following, and be guided thereby:

Cause of Pain.—Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unhealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all lulling or soothing remedies. Not so with Brandreth's Pills; they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects. The Life Principle is not reduced, nor are the teeth destroyed; but all the organs are cleansed and their health insured.

The above Pills are for sale by the dozen or single box at the Register Office in Allentown.

**Pure Fresh Cod Liver Oil.**

This new and valuable Medicine, now used by the Medical profession with such astonishing efficacy in the cure of pulmonary consumption, scrofula, chronic rheumatism, gout, general debility, complaints of the kidneys &c., &c., is prepared from the liver of the cod fish for medicinal use, expressly for our sales.

(Extract from the London Medical Journal.)  
"C. J. B. Williams, Mr. D. F. R. S., Professor of Medicine in University College, London, Consulting Physicians to the Hospital for Consumption, &c., says; I have prescribed the Oil in the above four hundred cases of tubercular disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206, out of 234, its use was followed by marked and unequivocal improvement, varying in degree in different cases from a temporary retardation of the progress of the disease and a mitigation of distressing symptoms, up to a more or less complete restoration to apparent health.

"The effect of Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectation diminished in quantity and quality, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved.

"In conclusion, I repeat, that the pure fresh Oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinal, dietetic or regimenal, that has yet been employed."

"As we have made arrangements to procure the Cod Liver Oil, fresh from headquarters, it can now be had chemically pure by the single bottle, or in boxes of one dozen each.

Its wonderful efficacy has induced numerous spurious imitations. As its success depends entirely on its purity, too much care cannot be used in procuring it genuine.

Every bottle having on it our written signature, may be depended upon as genuine.

Pamphlets containing an analysis of the Oil, with notice of it from Medical Journals, will be sent to those who address us free of postage.
