Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, That the Constitution of this Commonwealth be amended in the second section of the fifth article so that it shall read as follows: The Judges of the Supreme Court, of the several Courts of Common Pleas, and of such other Courts of Record as are or shall be established by law, shall be elected by the qualified electors of the Commonwealth, in the manner following, to wit: The Judges of the Supreme Court, by the qualified electors of the Commonwealth at large; the President Judges of the several Courts of Common Pleas, and of such other Courts of Record as are or shall be established by law, shall be elected by the qualified electors of the respective districts over which they are to preside or act as Judges; and the Associate Judges of the Courts of Common Pleas by the qualified electors of the counties respectively. The Judges of the Supreme Court shall hold their offices for the term of fifteen years, if they shall so long behave themselves well, (subject to the allotment herein-after provided for, subsequent to the first election) the President Judges of the several Courts of Common Pleas and of such other Courts of Record as are or shall be established by law, and all other Judges required to be learned in the law, shall hold their offices for the term of ten years, if they shall so long behave themselves well; and the Associate Judges of the Courts of Common Pleas shall hold their offices for the term of five years, if they shall so long behave themselves well; all of whom shall be commissioned by the Governor, but for any reasonable cause, which shall not be sufficient grounds of impeachment, the Governor shall remove any of them on the address of two-thirds of each branch of the Legislature. The first election shall take place at the general election of this Commonwealth next after the adoption of this amendment, and the commissions of all the Judges who may be then in office shall expire on the first Monday of December following, when the terms of the new Judges shall commence. The persons who shall then be elected Judges of the Supreme Court shall hold their offices as follows: One of them for three years, one for six years, one for nine years, one for twelve years, and one for fifteen years, the term of each to be decided by lot by the said Judges, as soon after the election as convenient, and the result certified by them to the Governor, that the commissions may be issued in accordance thereto. The Judge whose commission will first expire shall be Chief Justice during his term, and thereafter each Judge whose commissions shall first expire, shall in turn be the Chief Justice, and if two or more commissions shall expire on the same day, the Judges holding them shall decide by lot which shall be the Chief Justice. Any vacancies, happening by death, resignation or otherwise, in any of the said courts, shall be filled by appointment by the Governor, to continue till the first Monday of December succeeding the next general election. The Judges of the Supreme Court and the Presidents of the several Courts of Common Pleas shall, at stated times, receive for their services an adequate compensation, to be fixed by law, which shall not be diminished during their continuance in office; but they shall receive no fees or perquisites of office, nor hold any other office of profit under this Commonwealth, or under the government of the United States, or any other State of this Union. The Judges of the Supreme Court, during their continuance in office, shall reside within this Commonwealth; and the other Judges, during their continuance in office, shall reside within the district or county for which they were respectively elected. Brandreth's Pills,

FOR THE CURE OF Consumption, Coughs, Colds, &c., TO THE PUBLIC!!

THOSE who are suffering from remitting or Intermittent Bilious Complaints, should read the following, and be guided thereby:

Cause of Pain.—Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unhealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be relieved, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all lulling or soothing remedies. Not so with Brandreth's Pills; they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects. The Life Principle is not reduced, nor are the teeth destroyed; but all the organs are cleansed and their health insured.

The above Pills are for sale by the dozen or single box at the Register Office in Allentown.

Another Scientific Wonder!

PEPSINI! AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice!

A GREAT DYSPEPSIA CURE!

Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion.—Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet.—Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice; Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

Scientific Evidence!—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the same fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "it has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Professor Duglison of Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," "he says" "digestion occurred as perfectly in the artificial as in the natural digestions."

As a Dyspepsia Cure.—Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than 200 Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and from the astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles!—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent, purity of blood and vigor of body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price one dollar per bottle. One bottle will often effect a lasting cure.

G. W. MERCHANT'S CELEBRATED CARGLING OIL.

UNPARALLELED IN THE HISTORY OF MEDICINE AS THE MOST Remarkable External Application ever Discovered!

Facts are Stubborn Things!!

WHAT HAS BEEN DONE CAN BE DONE AGAIN.

Ignorance of facts and philosophy, however, start at the assertion that any one remedy can possess within itself the virtue of curing many diseases. Experience of more than fourteen years has nevertheless established the fact that Merchant's celebrated Carcling Oil, or Universal Family Embracement, will cure most cases, and relieve all such as

Spasms, Stomach, Ringbone, Windgalls, Poll Evil, Callous, Cracked Heels, Galls of all kinds, Fresh Wounds, Sprains, Bruises, Fistula, Sifts, Strains, Lameness, Sand Cracks, Foundered Feet, Scalds or Grease, Mange, Rheumatism, Bites of Animals, Etc., Etc., Etc.

It is a question whether artificial digestion could be performed—but it is now universally admitted that it may be.

His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known.
