Brandreth's Pills,
FOR THE CURE OF
Consumption, Coughs, Colds, &c.,
TO THE PUBLIC!

THOSE who are suffering from remitting or Intermitting Bilious Complaints, should read the following, and be guided thereby:

Cause of Pain.—Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unhealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all lulling or soothing remedies. Not so with Brandreth's Pills; they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects, The Life Principle is not reduced, nor are the teeth destroyed; but all the organs are cleansed and their health insured.

The above Pills are for sale by the dozen or single box at the Register Office in Allentown.

Another Scientific Wonder!
PEPSIN!
AN ARTIFICIAL DIGESTIVE

Fluid, or Gastric Juice!

A GREAT DISPEPSIA CURE!

Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion.—Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet.—Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

Scientific Evidence!—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. John W. Dwyer, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Professor Duglison of Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a Dyspepsia Curer.—Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than 230 Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and from the astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles!—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make those good effects permanent, purity of blood and vigor of body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Dependancy, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

G. W. MERCIANT'S CELEBRATED
CARCLING OIL.

UNPARALLELED IN THE HISTORY OF MEDICINE AS THE MOST

Remarkable External Application ever Discovered!

Facts are Stubborn Things!!

WHAT HAS BEEN DONE CAN BE DONE AGAIN. Ignorance of facts and philosophy, however, lead to the assertion that any one remedy can pass upon itself the virtue of curing many diseases. Experience of more than four hundred years has never established the fact that Merchant's celebrated Gargling Oil, or Universal Family Embrocation, will cure most cases, and relieve all such as

Spains, Swaggy, Ringbone, Windgalls, Poll Evil, Colic, Cracked Heels, Galls of all kinds, Fresh Wounds, Sprains, Bruises, Fistula, St. Vitus, Strains, Lameness, Sided Cracks, Pains, Feet, Scalds or Greases, Minge, Rheumatism, Painful Nerve Affections, Frost Bites, Bile Colic, Wounds, Burns and Scalds, Bleeds, Corns, Chapped Hands, Cramps, Contracture of the Muscles, Swellings, Weakness of the Joints, Caked Breasts, &c., &c., &c., &c.

The celebrated Doct. Parker also writes as follows: "Dear Sir: I have prescribed your Gargling Oil in various cases of

Practical Surgery.
as a liniment, with marked success, and would commend it to physicians generally for external use in all contusions, tumors, sprains, white swellings, and in all rheumatic affections, where external means are necessary. As a discutient it is harmless where the febrile symptoms have been reduced by general treatment. In such cases it is the most efficient remedy within the circle of means now in use.

I would also recommend it to community at large as a safe and powerful remedy where there is no general fever in all the above diseases to be used freely and to counteract inflammation in a remarkable manner. In bruised wounds it prevents swelling and consequent soreness in hot weather.

From the peculiar nature of this Oil, and the unparalleled success it has met within the hands of

Furrier, Farmer and Stage Proprietor, it is but justice to say, that of the great number of medicines which have been offered, none have been so well adapted to the present cure of disease to which horses are liable; it has been very justly called a complete PASADIA FOR THE HORSE. For instance read the following:

To Owners of Horses.
This may certify that I have had for many years the care of from 100 to 200 Horses and having made use of Merchant's Gargling Oil for 2 years past and can safely say, that for all the diseases that horses are liable to, I never saw its equal. I use about one bottle per month, and recommend it to the public, as the best medicine for horses now in use.

E. D. MINOR.

Caution to Purchasers.
Beware of COUNTERFEITS, and be sure the name of the Sole Proprietor GEO. W. MERCIANT, Lockport, N. Y., is blown in the side of the bottle, and in his hand writing over the cork. Do not be persuaded to take anything else with the promise it is just as good &c. This is practised by those unprincipled dealers who counterfeit this Oil, and who stretch like India Rubber, and whose science will stretch to any of our large cities, whose nefarious practices have so recently been exposed to the action of Congress. If orders addressed to the proprietor will be promptly responded to.

Get a pamphlet of the Agent, and see what others are accomplished by the use of this Oil by respectable dealers generally in the United States and Canada.
