Another Scientific Wonder! PEPSIN!

AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice ! A GREAT DISPEPSIA CURER L

Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by

Nature's own agent, the Gastric Juice. B Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five

Pounds of Roast Beef in about two hours, out of the stomach. Digestion. - Digestion 15 chiefly per-

formed in the stomach by the aid of a fluid which freely exudes from the inner coat of the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion --- no conversion of food into blood, tion of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the

disease, distress and debility which ensue. Pepsin and Rennet .-- Pepsin is the chief

element, or great digesting principle of the Gastric Juice. It is found in great abun-dance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It s also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Lubig states that, "One part of Pepsin dissolved in sixty thousand parts of water, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following Scientific Evidence!-Baron Liebig, in

his celebrated work on Animal Chemistry. says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the luman stomach.'

Dr. Pereira, in his famous treatise on 'Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authori-ties than Dr. Pereira

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "it has been a question whether artificial digestion could be performed-but it is now universally admitted that it may be."

Professor Dunglison of Philadelphia, in his great work on Human Physiology, de-The celebrated Doct. Parker also writes as votes more than fifty pages to an examinafollows :- Dear Sir : I have precribed your Gargion of this subject. s experiments wit Dr. Beaumont, on the Gastric Juice, ob-The undersigned respectfully informs his tained from the living human stomach and from animals are well known. "In all cases," "he says" "digestion occurred as perfectly in the artificial as in the natural digestions.'

Brandreth's Pills. FOR THE CURE OF Consumption, Coughs, Colds, &c.

TO THE PUBLIC!

THOSE who are suffering from remitting or Intermitting Bilious Complaints, should read the following, and be guided thereby :

Cause of Pain .- Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an un-healthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all Julling or soothing remedies. Not so with Brandreth's Pills ; they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects, The Life Principle is not reduced, nor are the teeth destroyed; but all the organs are cleansed and their health insured.

The above, Pills are for sale by the dozen or single box at the Register Office in Allentown. January IO.
