It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Earon Laebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. Brandreth's Pills, FOR THE CURE OF

Consumption, Coughs, Colds, &c., TO THE PUBLIC!

THOSE who are suffering from remitting or Intermitting Bilious Complaints, shoulp read the following, and be guided thereby : Cause of Pain .- Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unhealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all fulling or soothing remedies. Not so with Brandreth's Pills ; they -at-once-go-tothe assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects; The Life Principle is not reduced, nor are the teeth destroyed ; but all the organs are cleansed

and their health insured. The above Pills are for sale by the dozen or single box at the Register Office in Allentown.
