When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all lulling or soothing remedies. Not so with Brandreth's Pills; they at once go to the assistance of the blood in aiding it to

#### Another Scientific Wonder! PEPSIN! AN ARTIFICIAL DIGESTIVE

## Fluid, or Gastrie Juice!

A GREAT DISPEPSIA CURER! Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

I'his is a truly wonderful remedy for *In*digestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion. - Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be not digestion -- no conversion of food into blood,and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dend, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet .-- Pepsin is the chief dement, or great digesting principle of the Gastric Juice. It is found in great abunhis own Physician: with upwards of edition, with upwards of stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as in every shape and form, the ox, calf, &c. It is the material used by fariners in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomuch of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest ment and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

Scientific Evidence!—Baron Liebig, in his celebrated work on Animal Chemistry. says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calt, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the hùman stomach."

Dr. Pereira, in his famous treatise on 'Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authori-

ies than Dr. Pereira Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of

Chemistry," page 386, says, "it has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be." Professor Dunglison of Philadelphia, in

nis great work on Human Physiology, docores more than fifty pages to an examinaion of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," "he says" "digestion occurred as perfectly in the artificial as in the natural digestions."

As a Dyspepsia Curer .- Dr. Houghton's preparation of Fepsin has produced most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement — but authenticated certificates have been given of more than 200 Remarkable Cures, in Philadelphia, Bk of Delaware Co, par of Delaware are all at New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but per-

It is a great Nervous Antidote, and from the astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles !- There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoins, and it only needs to be repeated, for a short time, to make these good effects permanent, purity of blood and vigor of body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after cating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price one dollar per bottle. One bottle will often effect a lasting cure. PEPSIN IN POWDERS,

Sent by Mail, Free of Postage. For convenience of sending to all parts of the country, the Digestive matter of the pepsin is put up in the form of Powders, with directions to be dissolved in diluted alcohol, water, or syrup, by the patient. These powders contain just the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, free of Postige. for one dollar sent (postpaid) to Dr. J. S. Houghton, No. 11 North Eight street,

Philadelphia, Pa. Six packages for five dollars. Every packago and hottle bears the written signature of J. S. Houghton, M. D., Sole Pro-
