Stuttering and Stammering CURED!
In from Five to Twenty Minutes.

THE Undersigned would respectfully announce to the citizens of Lehigh and the adjoining counties, that he has located himself in New York for the purpose of **EFFECTUALLY CURING** persons who are troubled with **STUTTERING OR STAMMERING.** So confident is he of success, that no pay will be required until the utmost satisfaction is given. His method is so easy, that any child five years old may understand it, and yet so efficient, that he will forfeit **One Thousand Dollars** to any person who will stammer and apply it.

Dr. J. V. Wyckoff,
No. 37 Chambers St., New York.

P. S. For further testimonies as to the efficacy of his method; he refers to the Medical Faculty of New York, who witnessed the application upon a gentleman, who was an inveterate stammerer, and had been operated upon by other Physicians, without the least benefit, and astonishing as it may seem, Dr. Wyckoff cured him in 20 minutes, that he was able to speak and read with ease, without hesitancy or semblance of Stammering.

The Doctor also has over One Hundred Certificates of cures performed, among which are several medical gentlemen.

N. B. All letters of inquiry, (post-paid) will be promptly answered by naming the Post Office and State where they reside.

Brandreth's Pills,
FOR THE CURE OF
Consumption, Coughs, Colds, &c.,
TO THE PUBLIC!

THOSE who are suffering from remitting or Intermitting Bilious Complaints, should read the following, and be guided thereby: **Cause of Pain.**—Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unhealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only removes the anguish in proportion as the amount of life is reduced, and the same may be said of all lulling or soothing remedies. Not so with Brandreth's Pills; they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects. The Life Principle is not reduced, nor are the teeth destroyed; but all the organs are cleansed and their health insured.

The above Pills are for sale by the dozen or single box at the Register Office in Allentown.

By means of the pocket Esculapian, or every one his own Physician! 24th edition, with upwards of a hundred engravings, showing private diseases in every shape and form, and malformations of the generative system,
By Wm. Young, M. D.

This time has now arrived, that persons suffering from secret disease, need no more become the victim of Quackery, as by the prescriptions contained in this book any one may cure himself, without hindrance to business, or the knowledge of the most intimate friend, and with one tenth the usual expense. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage—besides many other derangements which it would not be proper to enumerate in the public prints.

Any person sending **Twenty-Five Cents** enclosed in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address "Dr. W. Young, No. 152 Spruce street, Philadelphia." Post-paid.

Dr. Young can be consulted on any of the Diseases described in his different publications, at his Office, 152 Spruce street, every day between 9 and 3 o'clock, (Sundays excepted.)

Another Scientific Wonder!
PEPSIN!
AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice!

A GREAT DYSPEPSIA CURER!
Prepared from *Rennet*, or the fourth Stomach of the Ox, after directions of *Baron Liebig*, the great Physiological Chemist, by *J. S. Houghton*, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility*, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast-Beef in about two hours, out of the stomach.

Digestion.—Digestion is chiefly performed in the stomach by the aid of a fluid, which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great-Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half-digested, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet.—Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called *Rennet*, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. *Rennet* possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. *Baron Liebig* states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, *Rennet* or Pepsin. To show that this want may be perfectly supplied, we quote the following:

Scientific Evidence!—*Baron Liebig*, in his celebrated work on *Animal Chemistry*, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than *Dr. Pereira*.

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "it has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Professor Duglison of Philadelphia, in his great work on *Human Physiology*, devotes more than fifty pages to an examination of this subject. His experiments with *Dr. Beaumont*, on the Gastric Juice, obtained from the living human stomach and from animals are well-known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a Dyspepsia Curer.—*Dr. Houghton's* preparation of Pepsin has produced the most marvellous effects, curing cases of *Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption*, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than 200 *Remarkable Cures*, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and from the astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles!—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent, purity of blood and vigor of body, follow at once. It is particularly excellent in cases of *Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Dependence, Emaciation, Weakness, tendency to Insanity, Suicide, &c.*

Price one dollar per bottle. One bottle will often effect a lasting cure.

PEPSIN IN POWDERS,
Sent by Mail, Free of Postage. For convenience of sending to all parts of the country, the Digestive matter of the pepsin is put up in the form of Powders, with directions to be dissolved in diluted alcohol, water, or syrup, by the patient. These powders contain just the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, free of Postage, for one dollar sent (postpaid) to *Dr. J. S. Houghton*, No. 11 North Eighth street, Philadelphia, Pa.

Six packages for five dollars. Every package and bottle bears the written signature of *J. S. Houghton*, M. D., Solo Proprietor.

Agents wanted in every town in the United States. Very liberal discounts given to the trade. Druggists, Postmasters, and Booksellers are desired to act as agents.

This time has now arrived, that persons suffering from secret disease, need no more become the victim of Quackery, as by the prescriptions contained in this book any one may cure himself, without hindrance to business, or the knowledge of the most intimate friend, and with one tenth the usual expense. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage—besides many other derangements which it would not be proper to enumerate in the public prints.

Any person sending **Twenty-Five Cents** enclosed in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address "Dr. W. Young, No. 152 Spruce street, Philadelphia." Post-paid.

Dr. Young can be consulted on any of the Diseases described in his different publications, at his Office, 152 Spruce street, every day between 9 and 3 o'clock, (Sundays excepted.)
