A Certain and Effectual Cure. The subscriber, Druggist in the Borough of Bethlehem, Northampton county, adopts this method to inform sufferers of a Rhen matic complaint, be it Inflamatory, Chronic or Acute, that he prepares an article of medcine, that will effect a certain cure of this wide spred and painful disease. It is put up in Quart bottels, each bottle accompanied by a box of Ointment. The liquid to be taken internally, and the ointment external ly. The genuine article can be had only y the undersigned, a practical Druggist

and Chemist, and originator of the medicine. Price two dollars per bottle, or six bottles for ten dollars-which will be tent to invalids in any part of the county, free of charge All orders must be accompanied with the

Cash, or they will receive no attention. This medicine needs no puffing, it speaks for itself, while perfectly harmless in its operation it eradicates the system from the effects produced by unskillful treatment. It has already produced some astonishing cures, and of cases where the patient has been confined to the house for years, and those that got abroad only with the use of Crutches, were set at liberty by the use of from one to six Bottels. Certificates of cures can be shown from the most respectable citizens.

None is genuine without his written

Another Scientific Wonder! PEPSIN

AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice

A GREAT DISPEPSIA CURER! Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Lis big, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Flalf a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion. - Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preservng and Stimulating Agent of the stomach and intestines. Without it there will be no digestion -- no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the

disease, distress and debility which ensue. Pepsin and Rennet .-- Pepsin is the chief lement, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water. will digest meat and other food." Diseased tomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want nay be perfectly supplied, we quote the

Scientific Evidence!-Baron Liebig, in nis celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just n the same manner as they would be in the iuman stomach."

Dr. Pereira, in his famous treatise on Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of prearation. There are few higher authorities than Dr. Pereira

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "it has been a question whether artificial digestion could performed-but it is now universally adnitted that it may be." Professor Dunglison of Philadelphia, in

his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obained from the living human stomach and from animals are well known. "In all cases," "he says" "digestion occurred as perfectly in the artificial as in the natural digestions.

.Is a Dyspensia Curer .- Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of De-bility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement - but authenticated certificates have been given of more than 200 Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but pernanent.

It is a great Nervous Antidote, and from he astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles!-There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the

Price one dollar per bottle. One bottle will often effect a lasting cure.

PEPSIN IN POWDERS, Sent by Mail, Free of Postage. For convenience of sending to all parts of the country, the Digestive matter of the pepsin is put up in the form of Powders, with directions to be dissolved in diluted alcohol, wae ter, or syrup, by the patient. These powders contain just the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, free of Postage, for one dollar sent (postpaid) to Dr. J. S. Houghton, No. 11 North Eight street, Philadelphia, Pa.
