**LOOK HERE!**

A Certain and Effectual Cure. The subscriber, Druggist in the Borough of Bethlehem, Northampton county, adopts this method to inform subscribers of a Rheumatic complaint, he it Inflammatory, Chronic or Acute, that he prepares an article of medicine, that will effect a certain cure of this wide spread and painful disease.

It is put up in Quart bottles, each bottle accompanied by a box of Ointment. The liquid is to be taken internally, and the ointment externally. The genuine article can be had only by the undersigned, a practical Druggist and Chemist, and originator of the medicine.

Price two dollars per bottle, or six bottles for ten dollars—which will be sent to invalids in any part of the county, free of charge. All orders must be accompanied with the Cash, or they will receive no attention.

This medicine needs no puffing, it speaks for itself, while perfectly harmless in its operation it eradicates the system from the effects produced by unskillful treatment. It has already produced some astonishing cures, and of cases where the patient had been confined to the house for years, and those that got abroad only with the use of Crutches, were set at liberty by the use of one to six bottles. Certificates of cures can be shown from the most respectable citizens.

None is genuine without his written signature in blue ink.

**Another Scientific Wonder!**

**PEPSIN, AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice!**

A GREAT DISPEPSIA CURE! Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Green Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence no digestion, distress and debility which ensue.

Pepsin and Rennet.—Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Dissolved stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want can be perfectly supplied, we quote the following:

Scientific Evidence.—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be soft-ned, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 286, says, "it has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Professor Douglass, of Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach, and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a Dyspepsia Cure.—Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspepsia, Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than 200 Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and from the astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles!—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent, purity of blood and vigor of body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Headiness, Loss of Spirit, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.
