NEW YORK STORE
OF
KERN & KLINE!

Admittance Free!
As every-body seems to be engaged this fall in blowing his own trumpet, to what he or they can do in the Dry Goods and Grocery Line, we have had half a mind to try our hands at the business ourselves, but feeling a timidity about it, we will only say, that we have just received several

Boat Loads,
omprising the latest styles of rich and costly goods, at which we have all hands engaged in unpacking. Our customers generally, and particularly our Lady customers, we now remind that such an assortment of

Ladies' Dress Goods
has never been brought to this or any other country town, embracing every description and style of all that is

New, Neat and Fashionable,
at prices ranging from a few cents to dollars per yard, therefore high and low, rich and poor, are sure to make selections. The following comprises part of their stock

SHAWLS.
In all other kinds of goods, we can show in quality and price, whatever others can produce, and a considerable sprinkling that cannot be found elsewhere, especially in **Cloths, Cassimeres and Sattinets,** and we will venture to add fall and winter goods generally.

150 ps. of Cloths from 50 cts. to 5 dollars
200 ps. of Cassimers from 50 to 2.50 do
500 ps. of Sattinets from 25 to 75 do per yd.
200 ps. of Flannels from 12 1/2 to 50 do per
50 ps. of Carpets from 12 1/2 to 100 do per

Since we opened our establishment here, we have fully demonstrated, that as a general thing, we sell as low as the lowest, if not a little lower. We do not profess to sell one, two or three articles at a very low price, but we profess to sell everything, in either the

Dry Goods or Grocery Line,
so cheap, that we are confident our friends would be the gainers by giving us a call and making their purchases.

Another S
PEPSIN,
AN ARTIFICIAL DIGESTIVE
Fluid, or Gastric Juice.

A GREAT
Prepared from the
big, the great
J. S. Houghton,
Eighth Street

This is a truly
digestion, Dyspepsia, Jaundice, Liver
Complaint, Constipation, and Debility
curing after Nature's own method, by
Nature's own agent, the Gastric Juice.
Half a teaspoonful of this Fluid, infused
in water, will digest or dissolve, Five
Pounds of Roast Beef in about two hours,
out of the stomach.

Digestion.—Digestion is chiefly per-
formed in the stomach by the aid of a fluid,
which freely exudes from the inner coat of
that organ, when in a state of health, called
the Gastric Juice. This fluid is the Great
Solvent of the Food, the Purifying, Preserv-
ing and Stimulating Agent of the stomach
and intestines. Without it there will be no
digestion—no conversion of food into blood,
and no nutrition of the body; but rather a
foul, torpid, painful, and destructive condi-
tion of the whole digestive apparatus. A
weak, half dead, or injured stomach pro-
duces no good Gastric Juice, and hence the
disease, weakness and debility which ensue.

PEPSIN.—Pepsin is the chief
ingredient of the Gastric Juice. It is found in great abun-
dant in the solid parts of the human sto-
mach, and is secreted, and sometimes causes the
burning, tingling, and cutting pain. It is
also found in the stomach of animals, as
the ox, calf, &c. It is the material used by
farmers in making cheese, called Rennet,
the effect of which has long been the
special wonder of the dairy. The curdling of
milk is the first process of digestion. Ren-
net possesses astonishing power. The sto-
mach of a calf will curdle nearly one thou-
sand times its own weight of milk. Baron
Liebig states that, "One part of Pepsin
dissolved in sixty thousand parts of water,
will digest meat and other food." Diseased
stomachs produce no good Gastric Juice,
Rennet or Pepsin. To show that this want
may be perfectly supplied, we quote the following

Scientific Evidence!—Baron Liebig, in
his celebrated work on Animal Chemistry,
says: "An Artificial Digestive Fluid may
be readily prepared from the mucous mem-
brane of the stomach of the Calf, in which
various articles of food, as meat and eggs,
will be so acted, changed, and digested, just
in the same manner as they would be in the
human stomach."

Dr. Pereira, in his famous treatise on
"Food and Diet," published by Wilson &
Co., New York, page 35, states the same
great fact and describes the method of pre-
paration. There are few higher authori-
ties than Dr. Pereira.

Dr. John W. Draper, Professor of Chem-
istry in the Medical College of the Uni-
versity of New York, in his "Text Book of
Chemistry," page 386, says, "it has been a
question whether artificial digestion could
be performed—but it is now universally ad-
mitted that it may be."

Professor Dunglison of Philadelphia, in
his great work on Human Physiology, de-
votes more than fifty pages to an examina-
tion of this subject. His experiments with
Dr. Beaumont, on the Gastric Juice, ob-
tained from the living human stomach and
from animals are well known. "In all gas-
tres," he says "digestion occurred as per-
fectly in the artificial as in the natural dis-
gestions."

As a Dyspepsia Curer.—Dr. Houghton's
preparation of Pepsin has produced the
most marvellous effects, curing cases of De-
bility, Emaciation, Nervous Decline, and
Dyspeptic Consumption, supposed to be on
the very verge of the grave. It is impossi-
ble to give the details of cases in the limits
of this advertisement—but authenticated
certificates have been given of more than
200 Remarkable Cures, in Philadelphia,
New York, and Boston alone. These were
not only rapid and wonderful, but perma-
nent.

It is a great Nervous Antidote, and from
the astonishingly small quantity necessary
to produce healthy digestion, is believed to
act upon

Electro-Magnetic Principles!—There is
no form of Old Stomach Complaints which
it does not seem to reach and remove at once.
No matter how bad they may be, it gives
instant relief! A single dose removes all the
oppressive symptoms, and it only needs to
be repeated, for a short time, to make these
good effects permanent, purity of blood and
vigor of body, follow at once. It is particu-
larly useful in cases of Nausea, Vomiting,
Cramps, nervousness of the pit of the Stomach,
distress after eating, low, cold, stunted
Blood, Headaches, Lowness of Spirits, Iner-
pency, Emaciation, Weakness, Irritability
