Manufacturer of
Improved Chain Pumps
ALLENTOWN LEHIGH COUNTY.
The undersigned takes this method to inform the public generally, that he continues to manufacture the new and improved
Chain Pumps with Iron Curb,
for which he has just got out a new pattern and is now prepared to fill orders for same. A constantly increasing demand for these Pumps, resulting in part from the great improvements we have lately effected in their construction, affords, substantial evidence of their superior adaptation to the public wants. We, therefore, have no hesitation in saying that they give better satisfaction to purchasers, are more economical, and do their work more rapidly and with less expenditure of labor than any other Pumps in use. Their operation gives motion to the water, and thus effectually prevents it from becoming stagnant and impure. They are made so as to be readily put in operation, even by experienced hands—can be put together at the Factory or be sent away in parts, as customers prefer; and they can be easily and cheaply transported to any part of the country.
He trusts the low prices for which he offers his Pumps, will be an inducement to those who want the article to give him a call.
