N. D. KNIGHT
 Manufacturer of
Improved Chain Pumps.

ALLENTOWN LEHIGH COUNTY.

The undersigned takes this method to inform the public generally, that he continues to manufacture the new and improved

Chain Pumps with Iron Curb,
 for which he has just got out a new pattern and is now prepared to fill orders for same. A constantly increasing demand for these pumps, resulting in part from the great improvements we have lately effected in their construction, affords, substantial evidence of their superior adaptation to the public wants. We, therefore, have no hesitation in saying that they give better satisfaction to purchasers, are more economical, and do their work more rapidly and with less expenditure of labor than any other pumps in use. Their operation gives motion to the water, and thus effectually prevents it from becoming stagnant and impure. They are made so as to be readily put in operation, even by experienced hands—can be put together at the Factory or be sent away in parts, as customers prefer; and they can be easily and cheaply transported to any part of the country.

He trusts the low prices for which he offers his Pumps, will be an inducement to those who want the article to give him a call.

PEPSIN!
AN ARTIFICIAL DIGESTIVE
Fluid, or Gastric Juice!
A GREAT DISPEPSIA CURE!

Prepared from *Rennet*, or the fourth Stomach of the Ox, after directions of *Baron Liebig*, the great Physiological Chemist, by *J. S. Houghton, M. D.*, No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility* curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion.—Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great-Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, bad head, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet.—Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called *Rennet*, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. *Rennet* possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. *Baron Liebig* states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, *Rennet* or Pepsin. To show that this want may be perfectly supplied, we quote the following

Scientific Evidence!—*Baron Liebig*, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the muc
