

**Congressional Conference Meeting.**

At a meeting of the Conferees of Lehigh and Bucks counties, for the purpose of nominating a proper candidate to represent the Congressional District, composed of the said counties, held at the house of A. R. Kram, in the Borough of Doylestown, on the 28th day of September, 1852. The following Conferees were present. From Lehigh—A. K. Wittman, Esq., Stephen Balliet, and S. H. Laciari. From Bucks—Dr. Samuel Carey, Dr. Samuel Thompson and Edward Erdman. On motion, Dr. Samuel Carey was appointed chairman, and A. K. Wittman, Secretary. Whereas, the Conferees from Lehigh have no candidate for Congress to recommend from their own county, but beg leave to recommend C. N. TAYLOR, of Bristol township, Bucks county, as a proper candidate for said district of Lehigh and Bucks, in which the Conferees of Bucks county fully concur.—Therefore be it Resolved—That CALEB N. TAYLOR, be unanimously nominated as a candidate for Congress in said District. Resolved—That these resolutions be signed by the Chairman and Secretary. SAMUEL CAREY, Chairman. A. K. Wittman, Secretary.

**The October Election.**

Let every friend of good men, sound principles and General Scott attend the Polls. The election for Canal Commissioner and Judge of the Supreme Court of Pennsylvania, will take place on the 12th of October. We hope that every friend of good men, of sound principles, and of General Scott will attend the polls. Buffington and Hoffman are good men, eminently qualified for the offices for which they have been nominated. The former is learned, dignified, sober, moral and incorruptible; the latter is active, shrewd, practical and observant, with a knowledge not merely of books, but of men. No Locofoco can cheat him. He is exactly the man to ferret out the abuses and corruptions in the Canal Board. In the election of these men sound principles are promoted and vindicated and bad principles condemned. The effects of the election of Hoffman and Buffington on the Presidential election, will be strikingly beneficial. It will inspire our friends all over the Union with confidence, and will lead to an easy and glorious victory in November. Let the friends of General Scott organize in every township of every county in the State. Bring every voter to the Polls. Work in the most efficient and thorough manner. The October election secures the November election, and as goes Pennsylvania so goes the Union.

**Van Buren and Soule.**

We notice the other day that David Wilcox, John Van Buren, and Mr. Grow, M. C., were figuring largely among the Democrats of Pennsylvania. We now learn that John Van Buren and Pierre Soule were to address the "Buffalo Democracy" on Saturday evening last. John Van Buren, the great instigator and manager of the Buffalo Convention, and Pierre Soule, the embodiment of the treasonable sentiments of the Nashville Convention, are the most active electioneers in the field for Gen. Pierce. How can any Whig living pretend for one moment to believe that a man so recommended and sustained can be a better lover of the Union and the Constitution than General Scott? No Whig believes such an aspersion of the gallant old general who has served faithfully for nearly half a century the Union that the Nashville and Buffalo Conventions would dissolve.

**Cheering Incident.**

With the crowd from Hamilton, says the Eaton (Ohio) Register, which came up on Tuesday to the Whig Mass Meeting, was a Club, with banner, of one hundred and ten Irishmen, who have always heretofore acted with the Locofoco party, but are now going for SCOTT, GRAHAM and CAMPBELL. In the same company was a large and enthusiastic "German Scott Club," now for the first time acting with the Whig party. Very few fear there is more than one screw loose in the Locofoco machinery.

**Locofoco Rallying Cry.**

The great battle for President will be fought in Pennsylvania on the second Tuesday of October, and hence the importance of polling every Democratic vote. The contest in the State will be between the candidates for Canal Commissioner. Elect the bold, gallant, and honest Hopkins by a majority of 10,000, and the victory for President is won—but suffer a defeat, or even a close vote, in this contest, and you can readily perceive the labor that will devolve on us in the Presidential election on the second day of November. So say the Locofoco papers. We copy the above from the Bedford Gazette of last week. Let it serve to admonish our Whig friends of the importance of a full discharge of their duty on the second Tuesday of October.—Let Pennsylvania then choose Jacob Hoffman for Canal Commissioner, Joseph Buffington for Supreme Judge, a majority of Whig members of Congress, and the State Legislature and the victory for Scott is won. Up, then, ye friends of Scott, and do your whole duty.

Jacob Hoffman.—The Locofoco papers seeing the almost certainty of the election of our candidate for Canal Commissioner, are busily engaged in manufacturing falsehoods in regard to his personal character. They lie knowingly, and many of the supporters of Hopkins are deserting him in consequence. Stand by Hoffman—he is deserving of your votes and will be elected.

Cheering Signs?—Capt. Joseph Henderson, of Millin county, and formerly a Locofoco Representative in Congress from that district, is now a warm and active supporter of "Old Chippewa." He stood side by side with his gallant commander at the battles of Lundy's Lane and Chippewa, when the British troops had to be whipped, and he is not going to desert him now.

When the polls are open, vote yourself, and then look out for the rest. Be at hand all day, and if there be a Whig missing, hunt him up.

**Leaving the Sinking Ship.**

Thomas Graham, a leading Free Soiler, of Ashtabula Co., O., has declared himself in favor of Scott's election.—Other Opposition politicians in that County will do likewise. Junius W. Nichols formerly a leading Cuss politician in Michigan, now in California, goes for Scott. James Henderson, an influential adopted citizen in Allegan Co., Mich., heretofore a Democrat, not being satisfied with the nominee of his party, goes for Scott and Graham. With thousands of those who made Michigan their home while it was yet a Territory, he is convinced that the best interests of the North-West will be promoted by a triumph of the Whig party at this Presidential campaign. This feeling is not confined to Cass now alone, but exists among many who supported Van Buren in 1848 in good faith.

The Whitehall (N. Y.) Chronicle says, that Dennis Jones, James Roberts, Elijah Shephardson, B. Benjamin, A. Benjamin, and Seymour Shephardson, of the town of Dresden in that County, heretofore leaders in the Loco-Foco party in that town, have renounced their allegiance to that party, and come out openly for Scott and Graham.—This is good news. Dresden will be redeemed. The Chronicle also says it can name some twenty other gentlemen in its immediate vicinity who have also renounced the Loco-Foco party and now support the Whig candidates with a hearty good will. Better and better.

G. W. Baird, of Plainfield, O., who has always gone for the Democratic nominees for all offices previously, cannot go for "Franklin Pierce, the British candidate for the Presidency," as he styles the Opposition nominee, and in a letter to *The Coalition Republican* announces his intention to support "Gen. Scott, the friend of a tariff, and the friend of America."

John J. Craig, a leading Irish Democrat of Jefferson Co., Ind., has signified his intention of supporting Gen. Scott on account of the intolerance of Democratic journalists toward influential adopted citizens who are advocating Scott's election in preference to Gen. Pierce, whom Mr. Craig calls an "unknown and doubtful man."

Williams S. Wait, Justice of the Peace of Wayne Township, Ohio, an ardent Democrat heretofore, now goes for Scott. The last *Quincy Whig* says that about one hundred German Democratic citizens of that place are members of the Scott Club and it "sincerely believes that a large majority of the German citizens of that place will vote for Scott." Cass County, in this State, contains a large German population. We are assured that three-fourths of them are for Scott and Graham.

The last number of *The Plymouth Banner* says that Gen. William Bally, of Marshall County, who has always supported the Democratic ticket, has declared his determination to vote for Scott and Graham. Gen. B. was in the battle of Lundy's Lane.

Mr. Jacob Langenbaugh, a German citizen of Elkhardt County, has written a letter to the editor of *The Indiana Journal*, in which he says he has always voted the Democratic ticket, but says he is now going to vote for Scott and Graham and the rest of the Whig ticket.

Eli Nichols, one of the oldest and most prominent Liberty men of Ohio, is out for Gen. Scott in a letter addressed to Mr. Tilden.

*The Green Bay Spectator* says, that it has a list of 47 Democrats of that sparsely settled county, (Brown Co., Wisconsin,) who declare themselves for Scott, a majority of whom are adopted citizens.

Hon. B. S. Cowen, of Belmont Co., O., who was an active stumpster in 1848 for Van Buren, has commenced a vigorous canvass for Scott. He is a capital and effective speaker.

James S. Carpenter, Harvey Whedon, Mills Thompson, Edwin Wetmore and W. H. Upson, all stump Speakers for Van Buren in Summit Co., O., in 1848 are now decided active supporters of Scott, and say that "hundreds of others" who with them four years ago are with them now.

*The Piqua Register* states that they are reliably informed that one hundred voters in Hamilton, Butler Co., Ohio, who have heretofore been Democrats, are now enlisted for Scott.

A. G. Butler, of Wayne Co., Ohio, a soldier of 1812, and a strong Democrat, declares for Scott and says he will stick to him while there is a button on his coat. He promises 40 gain from the Democrat in his neighborhood.

*The Kanawha (Va.) Republican* publishes letters from four active Democrats in the Hanford Districts who desire their name expunged from the Democratic Vigilance Committee, of which they had been appointed members, declaring they intend in this campaign to go for no one else but Winfield Scott.

**Hoffman and Buffington.**

The news from all parts of the State represent the prospects of Hoffman and Buffington, as most cheering. If the Whigs turn out their full vote in minority counties like Berks, Montgomery, &c., the success of our State ticket is certain. Let the active Whigs of the townships see to it that every Whig vote in their respective districts is deposited in the ballot box at the first election. If we carry Pennsylvania for our State Ticket, Scott and Graham will sweep the Commonwealth with an old fashioned Jackson majority.

**Jacob Hoffman.**

The Harrisburg Union thinks Jacob Hoffman would be a beauty to get amongst the records of the Canal Board. That's a fact. He would give the Locos 'fis,' and expose the frauds and speculations in a way that would be anything but pleasant to the plunderers who have been growing rich at the expense of the tax-payers. The people are determined that Hoffman shall have a look at those records, and will elect him for that very purpose.

**Seceding Democrats at the South.**

It seems that the Southern States-Rights men of the South have set up for themselves and determined upon independent action.—This has been expected by the best informed Southern politicians ever since the Baltimore Convention. That body ratified and especially endorsed the compromise, to which the radical disunion Democracy of the South are as much opposed as the Free-Soilers of the North, though for exactly opposite reasons. The Convention which a few days since nominated Gov. TRUPPE, of Georgia, for President, and Gen. QUITMAN for Vice President, represented a very large party in South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana and Texas. Indeed the elections of last Fall demonstrated beyond a doubt that this secession party comprised the great mass of the Democratic voters in these States. In South Carolina it embraced all, the only political distinction recognized being that between immediate and procrastinated secession. In Georgia its candidate was Governor Towns, who was supported by the regular Democratic organization, and was only beaten by a coalition between the dissenting fragments of that party and the Whigs, represented by Conn and Toombs. In Mississippi JEFFERSON DAVIS was the regular Democratic, Secession, State Rights' candidate, and was then beaten by FOOTE—only 1,000 votes, out of 100,000. In Alabama and Texas, the Secession candidates were elected without serious opposition. In all these States the Independent ticket will be supported by the State Rights division of the Democratic party, which constitutes a majority of it. It is even probable that it will receive the Electoral vote in some of them, and may be expected to secure others for Gen. SCOTT.—Thus it will certainly take away what chance Pierce may have had in Georgia, Florida, and Louisiana, and renders doubtful States before considered certain. It is a very important movement, and has been made at the critical moment by the Calhoun Secession party to defeat France.

The Democrats have been reduced by adversity to exhibit a grace with which they are not by nature invested. They now admit that the election is doubtful. They offer no new bets, and they are hedging the old ones. Pennsylvania has always been regarded as the base of the Whig column.—Ohio, it now appears by Democratic testimony, must be assigned the next place above, and New-York will be vehemently struggled for, although it begins to appear since Gen. Scott's strength in the South has become established that the Empire State is not indispensable to him, while his adversary will have no chance without it.

**The Young Man's Leisure.**

Young men! after the duties of the day are over, how do you spend your evenings? When business is dull, and leaves at your disposal many unoccupied hours, what disposition do you make of them? I have known and now know, many young men, who if they devoted to any scientific, or literary, or professional pursuits, the time they spend, in games of chance, and logging in bed, and in idle company, might rise to any eminence. You have all read of the sexton's son, who became a fine astronomer by spending a short time every evening in gazing at the stars, after ringing the bell for nine o'clock. Sir Wm. Phips, who at the age of forty five had attained the order of knighthood, and the office of high sheriff of New England and Governor of Massachusetts, learned to read and write after his eighteenth year, of a ship-carpenter in Boston. William Gifford, the great editor of the Quarterly, was an apprentice to a shoe-maker, and spent his leisure hours in study. And because he had neither pen nor paper, slate nor pencil wrought out his problems on smooth leather with a blunt nail. David Rittenhouse the American astronomer, when a plough boy, was observed to have covered his plough and fences with figures and calculations. James Ferguson the great Scotch astronomer, learned to read by himself, and mastered the elements of astronomy while a shepherd's boy in the fields by night.—And, perhaps, it is not too much to say, that if the hours wasted in idle company, in vain conversation at the tavern, only spent in the pursuit of useful knowledge, the dulllest apprentice in any of our shops might become an intelligent member of society, and a fit person for most of our civil offices. By such a course, the rough covering of many a youth is laid aside and their ideas, instead of being confined to local subjects and professional technicalities might range throughout the wide fields of creation; and other stars from the young men of this city might be added to the list of worthies that is gliding our country with bright, yet mellow light.—Rev. Dr. Murray.
