PEPSIN!

AN ARTIFICIAL DIGESTIVE

Fluid, or Gastric Juice

A GREAT DISPEPSIA CURER 1

Prepared from Rennet, or the fourth Stomach

of the Ox, after directions of Baron Lie

big, the great Physiological Chemist, by J. S. Houghton. M. D., No. 11, North

his is a truly wonderful remedy for In-

digestion, Dyspepsia, Jaundice, Liver Complaint, Constipution, and Debility

curing after Nature's own method, by

Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused

Digestion. - Digestion is chieny per-formed in the stomach by the aid of a fluid

which freely exudes from the inner coat of

that organ, when in a state of health, called

the Gastric Juice. This fluid is the Great Sovent of the Food, the Purifying, Preserv-

ing and Stimuating Agent of the stomach

and intestines. Without it there will be no

digestion -- no conversion of food into blood,

and no nutrition of the body ; but rather a

foul, torpid, painful, and destructive condi-

tion of the whoe digestive apparatus. A

weak, haf dead, or injured stomach produ-

ces no good Gastric Juice, and hence the

Pepsin and Rennet .-- Pepsin is the chief

element, or great digesting principle of the

Gastric Juice. It is found in great abun-

dance in the soid parts of the human sto-

mach after death, and sometimes causes the

stomach to digest itself, or eat itself up. 'It

is also found in the stomach of animals, as

the ox, calf, &c. It is the material used by

farmers in making cheese, called Rennel, the effect of which has long been the spe-

cial wonder of the dairy. The curdling of mik is the first process of digestion. Ren-

net possesses astonishing power. The sto-

mach of a calf will curdle nearly one thou-

sand times its own weight of milk. Baron

Liebig states that, "One part of Pepsin

dissolved in sixty thousand parts of water,

will digest meat and other food." Discused

stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

Scientific Evidence!-Baron Liebig, in

his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may

be readily prepared from the mucous mem-

brane of the stomach of the Calf, in which

various articles of food, as meat and eggs,

will be softened, changed, and digested, just

in the same manner as they would be in the

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson &

versity of New York, in his "Text Book of

Chemistry," page 386, says, "it has been

out of the stomach.

As a Dyspepsia Curer.-Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impoble to give the details of cases in the limits 50 of this advertisement - but authenticated certificates have been given of more than 200 Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

35 It is a great Nervous Antidote, and from the astonishingly small quantity necessary do of Tonawanda 50 to produce healthy digestion, is believed to 23 act upon

Electro-Magnetic Principles !--- There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief ! A single dose removes all the 50 unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent, purify of blood and vigor of body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach. distress after eating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.
