Portable Gas.

GAS has been acknowledged, from the time of its first introduction, to be the best material for light, its use being attended with no danger or trouble. But to bring it to the consumers by miles of conducting pipes and meters, makes it an article of luxury only attainable by a part of the community in large cities, who reside within the range of the main pipes. And even then, its high price exceeds all other burning material ; 61 cents, Sugars, Teas, Molasses Cheese, and the greater part of the citizens cannot enjoy the benefit of gas light even by paying any price, not to mention the many acci dents which happen by the use of turpentine and alcohol light. If the great expense of miles of main pipes could be avoided, gas would not cost half the price it now does. Every man would burn it : and it would be Call and examine for yourself. Goods freepromotive of family happiness, as the spirit | ly shown with strong inducements to buy. of education and science has reached almost every house. The wife would enjoy the Allentown, April 29, company of hor husband, and be entertained by a fine story from a book or newspaper : every corner might be occupied by children learning their lessons ; Indies at the piano would not dispense with a gas light, if once market prices will be paid by the subscribers, used, and all this can be done with one gaslight, at the cost of half a cent an evening. To effect this, gas must be made portable. Experiments have been made to compress it from 13 to 1 part in volume, but it was found impossible to regulate the pressure, and was very dangerous on account of the liability to explosion But by a far sater and more simple apparatus in every consumer's celler-a tub with water, a tin or sheet iron kettle, 10 or 15 feet of pipe, and a burner Grain at the lowest cash prices. in the lower story put up in a proper manner-every man can light up two rooms ; and in the same manner the whole house may be lighted from the celler. The gaswagon stops at the front door, the manufacturer runs an India-rubber pipe through the cellar-hole or door, attaches it, and fills the apparatus without any trouble or notice to e consumer

Good Horses and Safe Vehicles!

Allentown

Livery Establishment. THE subscribers take this method to inform their friends and the public in general, that they have entered into partnership in the Livery Business, in the stable formerly owned by George Beisel. They have an

entire new stock of HORSES, CARRIAGES, &c. Their Horses are gentle and all good travellers ; their vehicles mostly new and of the latest style, and such as have been used are repaired and repainted in the best manner. They continue the business at the old stand in William street, in the Bo-

rough of Allentown. They will always be prepared to furnish their customers at the shortest possible notice with sale and gentle horses, good car-riages and careful drivers if requested. ---Families can be suited at all times with vehicles to their particular taste.

Their charges are reasonable, and in orler to continue their high credit they heretofore gained of being the "best livery estab-lishment in Allentown," they will leave nothing undone to keep on hand the best and safest horses, the neatest and most splenlic carriages, and sober and careful drivers. Their charges are very reasonable and hope by strict attention to business to satisfy all those who may favor them with their custom. T. P. HOFFMAN. ustom. JESSE SIEGFRIED. September 18, 1851. ¶--3m

PEPSIN !

AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice'

A GREAT DISPEPSIA CURERI Prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Lie big, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North -Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for In-digestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility. curing after Nature's own method, by Nature's own agent, the Gastric Juice. Thalf a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours out of the stomach.

Digestion. - Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called Sovent of the Food, the Purifying, Preserving and Stimuating Agent of the stomach Since their incorporation, a period of eighteen Sadlery and Shoe findings, all of which ing and Stimulting Agent of the stomach years, they have paid upwards of one million will be sold at extremely low prices. They and intestines. Without it there will be no two hundred thousand dollars, losses by fire, there ask the public to give Saeger's Hardware digestion -- no conversion of food into blood, and no nutrition of the body; but rather a

foul, torpid, painful, and destructive condition of the whoe digestive apparatus. A weak, haf dead, or injured stomach produ-ces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet .-- Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the soid parts of the human sto-mach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of mik is the first process of digestion. Ren-net possesses asionishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Luckig states that, "One part of Pepsin dissolved in sixty thousand parts of water,

will digest meat and other food." Diseased stomachs produce no good Gastric Lit Rennct or Pepsin. To show that this want may be perfectly supplied, we quote the following Scientific Evidence!-Baron Liebig, in

his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach.'

Dr. Pereira, in his famous treatise on 'Food and Dict,' published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira Dr. John W. Draper, Professor of Che-

mistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "it has been a question whether artificial digestion could be performed-but it is now universally admitted that it may be."

Professor Dunglison of Philadelphia, in his great work in Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all ca-ses," "he says" "digestion occurred as per-fectly in the artificial as in the natural di gestions." As a Dyspepsia Curer.—Dr. Houghton's tained from the living human stomach and As a Dyspepsia Curer .- Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement - but authenticated certificates have been given of more than 200 Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great Nervous Antidote, and from he astonishingly small quantity necessary to produce healthy digestion, is believed to ct upon Electro-Magnetic Principles !--- There is no form of Old Stomach Complaints which t does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent, purity of blood and vigor of body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Framps, Soreness of the pit of the Stomach, listress after eating, low, cold, state of the

BABLE DOPEL.

The subscriber respectfully informs his friends and the public generally, that he has taken the newly erec-ted three story brick at the north west corner of Market Square, in the Borough of Allentown, called

THE EAGLE HOTEL.

The House is known as one of the most spacious and convenient in the State—none more so out of Philadelphia—and contains 44 rooms. He therefore feels assured that he can accommodate satisfactorily all whe may favor him with a call.

His TABLE shall at all times be supplied with the best the season and the markets afford, and the BAR with the choicest Wines and Liquors.

The Beds and Bedding, together with all his furniture_being_entirely-new, the patrons of this house may rely upon finding the Gastric Juice. This fluid is the Great those two great essentials-cleanliness and comfort.

The Stabling is large and commodious, and as he will have none but kind and attentive Ostlers a due regard will be had to the proper entertuinment of the House as well as his master.

In short, the subscriber intends to spare neither pains nor expense to keep his house in the best manner, and he therefore respectfully invites the public to give him a iberal share of patronage,

BOARDERS will be taken on reasonable terms, and as the rooms are spacious and well adapted to their wants, they can be accommodated in a satisfactory manner. Families from town or county accom-

modated with Boarding. JAMES W. ESBACH. Alientown, Nov. 24, 1852. ¶—3n

Hope's Express,

Among the various Expresses that have recently extented their operations, and entered upon a new field of enterprise, we know none which is more hopeful than Hope's New-Jersey and Pennsylvania Express, via Central Rail Road of New Jersey. l'his road extends from New York to Easton, Pa., and runs through a splendid country-affording an avenue to the interior of Pennsylvania hitherto closed up. The superiority of this market for buying and seling goods is bringing a large amount of trade here, which formerly went to Philadelphia. The advantage of Hope's Express, by which merchandise of all descriptions can be forwarded promptly, when fully realized on the above route, will insure a complete success and prosperity. A. D. Horn bas made arrangements with the Central R. R. Co. and various Stage proprietors to sell Tickets through to Wilkesbarre, Mauch

Chunk, Reading, &c., at reduced fares. EF Office of Hope's Express, in Allenlown, at the Variety Store of AARON WINT, who will attend to the forwarding of all pack-
