JOB PRINTING,

Neatly and expeditiously executed at the Office of the "Lehigh Register."

Pelton's System of Geography

Splendid Outline Maps.
This system of teaching Geography is rapidly becoming introduced in all the schools throughout the country. The series consists of seven maps, each covering about fifty square feet, boldly delineated, brilliantly colored, varnished and mounted, and forming the most magnificent, as well as the most useful part of the furniture of the school room.

Pelton's Key to Hemispheres.

This is intended for the use of pupils commencing the study, and a good knowledge of the Geography of the world may be obtained from it.

Pelton's Key to Full Series,

Containing a minute description of each state and country, the political and physical features of the earth, &c., forming a complete epitome of the whole subject. Where these keys are used in connection with the maps, no other work is necessary in the hands of the pupil, and their cost is about one third the usual price of a Geography and Atlas.

Wherever this system has been tried, it has excited the admiration of all who witnessed it, and we might fill a volume with the testimonials received in its favor. We append but one.

READING, MARCH 1853.

Believing the introduction of Pelton's system of teaching Geography by the use of his series of Outline Maps, into the schools of our city, would enable the pupils to acquire a better, more lasting, and more practical knowledge of that science, than is generally acquired, and in one fourth of the time usually devoted to that study, the undersigned, Teachers in Reading, most cheerfully recommend it to the Directors of the different wards, for their adoption.

PEPSIN!

AN ARTIFICIAL DIGESTIVE Fluid, or Gastric Juice!
A GREAT DISPEPSIA CURER!

Prepared from *Rennet*, or the fourth Stomach of the Ox, after directions of *Baron Liebig*, the great Physiological Chemist, by *J. S. Houghton*, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility*; curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, *Five Pounds of Roast Beef* in about two hours out of the stomach.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, flat head, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet—Pepsin is the chief element, or great digesting principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called *Rennet*, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. *Rennet* possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. *Baron Liebig* states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, *Rennet* or Pepsin. To show that this want may be perfectly supplied, we quote the following

Scientific Evidence!—*Baron Liebig*, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the *stiff* great fact, and describes the method of preparation. There are few higher authorities than *Dr. Pereira*.

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 380, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Professor Duglison of Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with *Dr. Beaumont*, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a *Dyspepsia Curer*.—*Dr. Houghton's* preparation of Pepsin has produced the most marvellous effects, curing cases of *Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption*, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than 200 *Remarkable Cures*, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases; and the cures were not only rapid and wonderful, but permanent.

It is a great *Nervous Antidote*, and from the astonishingly small quantity necessary to produce healthy digestion, is believed to act upon

Electro-Magnetic Principles!—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent, purity of blood, and vigor of body, follow at once. It is particularly excellent in cases of *Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Headaches, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.*

Price one dollar per bottle. One bottle will often effect a lasting cure.

Houghton*, No. 11, North Eighth Street, Philadelphia, Pa.
