Indeed, Cuba would be a volume of "free negroism" constantly vomiting fire and blood on the neighboring coast, and at any moment, British aristocracy, with its stupendous steam marine, could bridge the straits of Florida, and hurling a hundred thousand infuriated blacks upon the coast, appeal to the hostility of race, and the latent brutality of the negro, and lay in blood and ashes the fairest portion of the confederacy.

Consequently, he was bound round with cotton, saturated with tallow, and having been dipped till he presented the appearance of a gigantic candle, was stuck up on his father's grave and lighted. Of course the poor fellow perished in slow torture. Was ever device heard of so completely diabolical.
