"Know Nothings" at New Orleans.

A corresdondent of the *Tribune* gives an account of the election of the 8th inst., for three Aldermen in the First or American District of that city, which resulted in a great victory for the Know Nothings—the majority for their ticket being 1756—out of a total vote of 4134. The excitement during the day was very great. Large delegations of the Know Nothings acted as a guard against fraud, and every vote taken was a legal one. In the Seventh Ward (where the ballot-box was destroyed at the last election) there were only eight hundred votes cast and those gave 118 majority for the Know Nothings. At the last election there were 1419 votes *said* to have been given, out of which number the Democrats claimed to have 1000 majority. This result has not surprised the American party, but the Democrats look rather black, and are somewhat taken aback by the immense vote the new party have polled. As soon as the votes were counted in the various Wards, processions of the party were formed, headed by the flag of our Union, and escorted the ballot boxes to the Mayor's office. In passing the *Crescent* and old *Delta* offices cheers were given for those papers, but the *True Delta* (which was the only paper in the District which supported the Democratic ticket,) was saluted with groans. At night the Know Nothings attacked the coffee house of Mr. Murphy, at the corner of St. Joseph's and Tchoupitoulas streets; the doors were forced and everything within the house was demolished; brickbats were hurled, some one hundred pistols fired, and the excitement was for a time very great. Several persons were wounded. Edward Burns was killed on the spot Martin Mahon, who had just arrived form New York, was stabbed, as also some others. The cause of the destruction of the house was that pistols were fired from the building, as the Reformers or Know Nothings were passing. The Know Nothings are forming a regiment of National Guards; two companies have elected their officers and organized.—*The Sun.*

FIGURES FOR THE PEOPLE TO LOOK AT.—The general appropriation bill passed by the Legislature contains the following fiscal items, which we copy as a matter of some interest to the tax-payers:—"Governor's salary, for the present term of his office, $3,000 per annum, but after the expiration of it, shall be $3,500. For the support of the Common Schools, for the present fiscal year $230,000. Section 14 raises the Salaries of the Chief Justice and of all the Judges several thousand dollars in the aggregate. For the payment of the interest on the funded debt of the Commonwealth, $2,000,000.—For the payment of motive power debts on the Alleghany Portage Railroad contracted last fiscal year, 1853, $124,533 50; for debts contracted on that road prior to the 1st of December, 1852, $11,409—provided that no debt or claim shall be allowed under the provisions of the next preceeding sections of this act, until it shall have been examined and certified to be correct and justly due to the Auditor General by Nimrod Strickland, John P. Purviance, and John Strohm, appointed commissioners for the settlement of such claims and debts—to enter upon their duties within 60 days after the passage of this act, and to have power to send for persons and papers. For the Pennsylvania Colonization Society of Pennsylvania, 1,800."

What is a Fop?—A Mr. Stark, in a lecture before the Young Men's Association at Troy, N. Y., thus describes a fop:

"The fop is a complete specimen of an outside philosopher. He is one third collar, one sixth patent leather, one fourth walking stick, and the rest kid gloves and hair. As to his remote ancestry there is some doubt: but it is pretty well settled that he is the son of a tailor's goose. He becomes ecstatic at the smell of new cloth. He is somewhat nervous and to dream of tailors bills gives him the nightmare. By his hair one would judge he had been dipped like Archilles, but it is evident the goddess must have held him by the head instead of the heel. Nevertheless, such men are useful.—If there were no tadpoles, there would be no frogs. They are not so entirely to blame for being devoted to externals. Paste diamonds must have a splended setting to make them sell. Only it seems to be a waste of material to put five dollars worth of material on five cents worth of brains."

DROWNED.—A german name Bernhardt was drowned in the canal, in the South eastern extremity of this Borough, on Wednesday morning last, about five o'clock, under the following circumstances. On Tuesday evening last he got on a canal boat, at Wheelers Lock, above Allentown, next morning at the above named place, he fell overboard. He was able to swim and was seen swiming down the canal, about fifty yards, after his cap, when he suddenly sunk and was drowned. Mr. William Weiss and several of John Rice's hands soon recovered the body. An Inquest was held by a coroners Jury, who rendered a verdict in accordance with the above facts. An empty wiskey bottle was found in his pocket, and it is supposed he was intoxicated when he fell overboard.—*Bethlehem Times.*

HUMILIATING CONFESSION.—The Washington Sentinel, a Democratic paper in good standing at the federal capital, and conducted with marked ability and independence, says: "there is no disguising the fact that the Democratic party, powerful and triumphant as it was twelve months ago, is now supine and indifferent, and distrustful. There is no disguising the fact that the elements of opposition have been growing every day. A universal distrust has grown up among the people, even among the truest and sternest Democrats, who believe they have been duped, defrauded and cheated, and that high places of the government are surrounded by mean, low and contemptible men, that keep off from higher sources every expression of honesty and disinterestedness, and do but 'crook the pregnant hinges of the knee that thrift may follow fawning.'

The Farmer's High School.

An act, intended to establish the "Farmers High School of Pennsylvania," has been passed by the Legislature. By its provisions the Presidents and Vice Presidents of the Pennsylvania State Agricultural Society and the Presidents of the several County Agricultural Societies, which shall at any time have been organized more than one year, shall be ex-officio members of and constitute the Board of Trustees; who shall meet at Harrisburg, on the second Tuesday of June, and proceed to the organization of the Institution and select a site most eligible within the Commonwealth for its location, where they shall purchase or obtain by gift, grant, or otherwise, a tract of land containing at least two hundred acres upon which they shall procure such improvements and alterations to be made, or will procure an Institution properly adapted to the instruction of the youth in the art of Farming, &c.,

The persons designated by this law, are requested to meet at the office of the State Agricultural Society, at Harrisburg, on Tuesday, the 18th of June, 1854.

Gleason's Pictorial.

A RECORD of the beautiful and useful in Art. The object of the paper is to present, in the most elegant and available form a weekly literary melange of notable events of the day. Its columns are devoted to original tales, sketches and poems by the Best American Authors, and the cream of the domestic and foreign news; the whole well spiced with wit and humor. Each paper Beautifully Illustrated with numerous accurate engravings by eminent artists, of notable objects, current events in all parts of the world and of men and manners, altogether making a paper entirely original in its design, in this country. Its pages contain views of every populous city in the known world, of all buildings in the eastern or western hemispheres, of all the principal ships and steamers of the navy and merchant service, with fine and accurate portraits of every noted character in the world, both male and female. Sketches of beautiful scenery taken from life, will also be given, with numerous specimens from the animal kingdom, the birds of the air, and the fish of the sea. It is printed on fine white paper, with new and beautiful type, presenting in its mechanical execution an elegant specimen of art. The size of the paper is fifteen hundred and sixty-four square inches, giving a great amount of reading matter and Illustrations—a mammoth weekly paper of sixteen octavo pages. Each six months will make a volume of 416 pages; with about one thousand splendid engravings.
