Thankful for past favors and hoping by strict attention to business and a desire to please, to merit a continuance of the patronage so liberally bestowed on them, and wishing the people to understand the fact, that they are both **PRACTICAL HATTERS**—both having served a long apprenticeship at the business and understanding the business thoroughly in all its various branches—they are confident they can **MANUFACTURE HATS** of all kinds inferior to none in the market, and also a little cheaper, because they perform a great deal of the labor themselves and buy their material from the importers for cash, and understanding the business they employ none but good workmen, and doing a large business they can afford to sell at small profits.
