Great Excitement.

Our town was thrown into the most intense excitement on Tuesday last, by the intelligence that Gov. Bigler, by a parden, had released Dr. Lachenour from imprisonment, and REMITTED HIS FINE! Never, upon any occasion, or from any cause, have we witnessed such unanimity of condemnation of an act, or so deep and hearly anathemas evoked upon the head of the man who committed it.

The people of this community feel it to be innocence of the foul charge of conspiracy -of robbing, by the most infamous means. nn imbecile, weak old man of his moneythat every principle of law which individuals and communities look to for protection from the hand of the assassin and the foul conspirator, has been trodden under foot by Gov. Bigler, in thus releasing this man from the righteous judgement of the law which had been imposed upon him.

We call upon the people to pause. Gov. Bigler may be able to justify this act, by the facts and circumstances presented for his consideration, which we think he is bound to make public. Nay, we demand that he make them public, for if he refuse-he does nothing to convince the people of this county, that he was justifiable in interfering with and setting aside a verdict and sentence which nineteen twentieths of our citizens consider right and just, he will find, that in despite of all the efforts of those few Whigs whose friendship and support he has secured by this act, the people will pronounce such a judgment upon him at the ballot-box, as will conviace him that the verdicts of our one hand-\$i84. He adds: "The same juries, and the sentences of our Courts, are not to be trompled under foot, -even by a and stock to pay his expenses. This is

been of late the subject of much comment, was obtained by Dr. J. pledged to, and what he thinks. It is not enough for Gov. Bigler to say he will sanction any constitutional bill the Legislature may pass. Every member of the Legislature from this county and State, not excepting the one most disliked by temperance men, would promise to vote for any "constitutional" bill. The whole-question at issue is, what bill is constitutional? Would Gov. Bigler approve the original House Bill of last winter? There's the point. A plain and unequivocal answer to that question will enable voters to make up their minds. If Mr. Chambers wishes to create an outrage upon the court and jury who the impression that Gov. Bigler writes one patiently sit for three long weeks, affording thing to a Temperance Convention and just this man every opportunity of proving his the contrary in private letters, he ought to prove his statement. We can hardly believe that in any emergency, a politician of Gov. Bigler's experience and discretion would attempt to gain rumsellers by pubpledges. The letter will explain all. The etter, Mr. Chambers, let us have the letter."

### Fertility of Kansas.

Dr. D. O. Williams, who has recently returned from Kansas furnishes, the Jackson Mississippian with some account of the country in regard to its fertility; he says it yields 50 to 60 bushels of corn to the acre, 800 lbs of hemp to the acre, and about 20 bushels wheat to the acre, under ordinary cultivation; with a good culture and a good season the product may be doubled.
