STARTLING, BUT TRUE!

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhibitating influ-once incident to the enjoyment of health. THE BLOOMING BRIDE.

THE BLOOMING BRIDES,
But a few years ago in the flush of health and youth,
and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung,
spirits depressed, countenance bearing the impresof suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and
plainest rules of health as connected with the marriage state, the violation of which entails disease,
suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN " UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUY, KING'S EVIL, and other and Worse Diseases, as a

DREADFUL INHERITANCE FROM THE PARENTS.

"And must this continue? Must this be? Is there noromedy? No relief? No hope?"
The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them.
These are pointed out in THE MARRIED WON

PRIVATE MEDICAL COMPANION, BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.
Onc Hundredth Edition, (500,000), 18mo., pp. 250.

[ON FINE PAPER, EXTRA ENVING, \$1.00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published FIVE HUNDRED THOUSAND COPIES

ONE HUNDRED THOUSAND SENT BY MAIL. BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature character. causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future bealth, in respect to which her sensitiveness forblds consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms

which otherwise would occasion anxiety or alarm as all the reculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids sooking medical advice-Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the

means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and yours, as it has to thousands mights, incapecitating the mind for its ordinary avocation, and exhausting those means for medical attendance; medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of

your children. In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to
