Size OF OUR GREAT LAKES.—The latest measurement of our fresh water seas are these:-The greatest length of Lake Superior is 335 miles, its greatest breadth is 160, mean depth 988 febt, elevation 587 feet, area 32,000 square miles. The greatest length of Lake Michigan is 360 miles, its greatest breadth 180 miles, mean depth 900 fcot, elevation 587 fcet, area 20,000 square miles. The greatest length of across the stream by the bridegroom, after Lake Huron is 200 miles, its greatest breadth having wrapped it tightly around a stone. is 160 miles, mean depth 600 feet, elevation 574 feet, area 20,000 square miles. The greatest length of Lake Eric is 250 miles, its greatest breadth is 80 miles, its mean depth is 84 feet, olevation 555 feet, area 6000 square miles .-The greatest length of Lake Ontario is 180 miles, its greatest breadth is 65 miles, its mean depth is 500 feet, elevation 262 feet, area 9000 square miles. The total length of all five is 1585 miles, covering an area altogether of upwards of 90,000 square miles.—International Journal. ~

HEELS HAVE IT .- We learn by the Painesville Telegraph, that two classes of people in that village undertook to raise funds for the relief of the poor. One held a dancing party in the ev ning and raised \$75, the other, whose conscientious scruples prevented their attendance where dancing was a part of the exercises, appointed a committee to receive contributions in the afternoon, and the amount received consisted of \$1 in money, two pieces of pork, and five pounds of butter.

A LARGE POT PIE .- A pot-pie, made of the following materials, was manufactured on board of the frigate Constitution, at Port Mahon, in 1824, for a Christmas dinner-151 turkeys, 50lb. fresh pork, 40lb. salt pork, 1 bushel of onions, 51b. pepper, 11 bbls. of flour, and 50 gallons red wine.

MAMMOTH Egg. -A friend, of this city, a few days ago, brought an egg to our office, laid by a young Shangliai chicken, which measured 8 by 65 inches. She lays every second day, and has laid a number of eggs, all about the same size.-Lancaster Republican.

CLOCKS .- The Hartford Courant understands that Jerome's clock factory in New Haven has not discharged any of its four hundred hands the past winter-they have two hundred thousand dollars worth of work finished, ready for the Spring market. They pay out from sixty thousand to one hundred thousand dollars per month, and pay every thing promptly.

# STARTLING, BUT TRUE!

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhibitanting influence incident to the erjoyment of health?

THE BLOOMING BRIDE. But a for years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a foeblo, sickly, sallow, dobilitated wife, with frame emeciated, norves unstrung, spirits depressed, countenance bearing the impress of suffering; and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriago state, the violation of which entails disease, suffering and misery, not only to the wife, but often the marriago state, the violation of which entails disease, suffering and misery, not only to the wife, but often the marriago state, the violation of which entails disease, suffering and misery, not only to the wife, but often the marriago and misery, not only to the wife, but often the marriagon of the misery of the marriagon. The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out in

BY DR. A. M. MAURICEAU, PROFESSOR OF DESCASES OF WOMEN. One Hundredth Edition, (500,000), 18mo., pp. 250. [ON FINE PAPER, EXTRA BINDING, \$1.00.]

A standard work of established reputation, found classed the catalogues of the great trade sales in New York, hiladelphia, and other cities, and sold by the principal poksellors in the United States. It was first published 1847, since which time FIVE HUNDRED THOUSAND COPIES ONE HUNDRED THOUSAND SENT BY MAIL. attesting the high estimation in which it is held as a re-

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife about becoming a motifer has often need of instruction and advice of the utmost importance to her

future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such in struction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as allthe peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uttri (falling of the womb). or from fluor albus (weakness, debility, &c.) Many are

n constant agony for many months preceding confine-

ment Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of these you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and

years, the infirmities of age and the proper education of your children. In consequence of the universal popularity of the work, as ordenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, arif other devices and deceptions, it has been found necessary, therefore the second control of the sec
