GREAT RACE-FASTEST RUNNING ON RECORD. -New Orleans, April 2 .- The great four mile race against time, came off to-day, over the Metairie course.

The horse Lexington was enterned against the fast time of Lecompte, who run the four miles in 7.26.

The four miles were accomplished in 7.194, MAN SEIP, to Miss CATHARINE LONG, both of Albeating Lecompte's great run six and a quarter seconds. The purse was for \$20,000.

Lexington is a Kentucky nag, owned by Mr. Tenbrook, of New York. Lecompte is a Louisjana nag, and owned by Col. Wells, of Red River, La. Both nags run in the great Post Stake race over the Metairie course last year, when Lecompte distanced Lexington. Now the latter takes the laurels. It is understood both horses will run together again in a few weeks.

TERRIBLE AFFRAY.-New Orleans papers bring us an account of a terrible and fatal affray in that city. Two men named Harrison and Duffy, got into a quarrel on account of one having given important testimony against the other in a case tried two years ago, and finally drew a pistol and fired at Duffy, who fled into the billiard room of the St. Charles Hotel. Harrison pursued him, fired his revolver, and finally hit him with two shots, which killed him. But while the chase was going on in the billiard room, Duffy finding himself too hotly WAGNER, an old and esteemed citizen, aged 85 pursued, drew his pistol and fired it over his shoulder backwards, thinking to hit Harrison. The ball struck a spectator named Dr. Parsons, and killed him.

BACHELOR ODDITIES .- The Methodist Advocate tells the following story:

Some years ago, a rich old bachelor died in this city, leaving behind him two dogs. In his will he bequeathed the dogs to a paticular friend, and left \$2000 to be appropriated to their maintainance and buried. The other i still living, though far advanced in age. Hal of the money has been drawn, the other half will be paid over as soon as the living dog becomes a dead one and is decently buried. The does were to be, and will be according to the will, buried one at his head, the other at his

POWDER FOR THE CRIMEA. - The Powder Mill of the Messrs. DuPont, the largest in the world, situated three miles from the city of Wilmington, Del., on the Brandywine, are now, and have been for some time, making powder for the French army in the Crimea. An explosion occurred at one of these mills on Tuesday morning. No one was in the mill at the time. It sounded like an earthquake, and shook the ground with a low rumbling noise. Terrific GRAIN-White Wheat, explosions and great loss of life are frequently occurring at these mills.

A SNAKE STORY .- In Albany, a snake fancier gave a live mouse to an eight foot animal .-His snakeship toyed with the mouse, then swallowed him whole, and coiled up to digest him at leisure. But Mr. Mouse would not give it up so. He got down most to the tail and ate out! Snake swallowed him again, and mouse ate out again, and so they kept it a going till the process of swallowing and eating out had been performed 17 times! when both parties gave out and died. It was a drawn battle, -- both conquered, both died. It is 'a great story. But the Albany paper gives names and all the details,

- CRANBERRIES AND ERYSIPELAS.—The Niles (Michigan) Republic says: "A lady visited New Haven editor. On returning home in the the very best of stock,-employ none but good evening she found the disease spreading very workmen, and in short get up such work tha rapidly, It had assumed a frightful appearance. She immediately applied a poultice made of cranberries. which seem to arrest it at once, and the second poultice effected a complete

WITHDRAWAL FROM KNOW-NOTHING LODGES -Eleven members of Know-Nothing lodge or council, No. 16, at Winchester, Virginia, have published a card, renouncing any further connection with the order. They state that several other cards of withdrawal will soon be announced, one already being signed by twenty members. Forty-six members of the council at Harper's Ferry, Virginia, have also withdrawn, and publicly announced the fact. They state that forty others have withdrawn.

COLD AT THE SOUTH .- Between the 19th and COLD AT THE SOUTH.—Between the 19th and all kinds of other refreshments during the season. Families and parties supplied with Ice Alabama were visited by snow and frost; and 22d of March, North and South Carolina and Alabama we re visited by snow and trost; and tream in Freezers containing tront of though the fruit trees were generally in blosty quarts, by giving due notice.

THE PEACH CROP .- A writer in the Onondaga Gazette (N. Y.) says he is confident we shall not have fifty bushels of peaches in Onondaga this season. Out of several scores of buds he has examined on different trees in different localities, he has not found one with the symp toms of life in it but he thinks that apples will beyond a question be plenty.

GREAT PRICES FOR SHEEP .- A flock of French merino sheep was sold in Kenosha, Wisconsin, a few days ago, the ewes bringing the handsome price of \$200 dollars each, and a buck lamb about a year old bringing one thousand he will warrant all his work water tight and dollars. Great prices for blood stock are all the fashion in these days of progress.

No LICENSES .- The Court of Quarter Ses sions for Fayette county refused to grant any licenses for the sale of liquors for the presen year. The same course was pursued at the late Court in Washington county.

STARTLING, BUT TRUE! WHAT EVERY WOMAN SHOULD KNOW

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating infigence incident to the enjoyment of health.

THE BLOOMING BRIDE. THE BLOOMING BRIDE,
But a few years ago in the flush of health and youth,
and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, slekly, sallow, dobilitated wife, with frame emaciated, nerves unstrung,
spirits depressed, countenance bearing the impress
of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and
plainest rules of health as connected with the marriage state, the violation of which entails disease,
suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN " UNTO THE THIRD AND FOURTH GENERATION," Frankmitting CONSUMPTION, SOROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and Worse Diseases, as a

DREADFUL INHERITANCE FROM THE PARENTS.

And must this continue? Must this be? Is there no remedy? No relief? No hope?

The remedy is by knowing the causes and avoiding: them, and knowing the remedies, and benefiting by thems.

These are pointed out in

symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all. the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and which their delicacy forbids seeking medical advices. Many suffering from prolapsus uteri (falling of the womble or from fluor albus (weakness, debility, &c.)
