

**Farming Prospects.**  
The intelligence from all parts of the country indicates that, with a favorable season, the grain crop of the present year will be unusually large. The Baltimore American says in the neighborhood of that city and through Maryland, and the same fact will hold good perhaps in all sections of the country, a much larger extent of ground is under cultivation than usual, the prevailing high prices having induced the farmer to make the best use of all his facilities for the securing of a large crop. The Ohio papers generally report that there is promise of a large wheat crop in that State. In other sections we have the same good report. From Indiana, and Illinois, indeed, the promise comes of an unusually large yield from the present appearance of the fields. In Michigan the same story is told. The Detroit Advertiser says the farmers in that State almost unanimously speak encouragingly of the growing wheat crop. Although the fly had appeared in a number of fields in the fall, there is none to be seen now. The farmers in New Jersey, says the Newark Advertiser, say that they never know grain to look better than at present, and that the prospect for an abundant yield was never more encouraging. The Chicago Tribune says that if no untoward event intervenes between now and harvest, Northwest, which is in fact the granary of the Union, will turn out a surplus which will gladden the hearts of the breadless of our Eastern cities. The Evansville (Indiana) Journal states, as the result of numerous inquiries made in that region, that the wheat prospects of that part of the country have rarely, if ever, been better than they are now, at this stage of the season. All accounts unite in saying that a much larger quantity of wheat has been sown than last season in that State. The fruit in that region also promises well. The Editor of the Hickman (Kentucky) Argus, is informed by intelligent farmers from Tennessee and in Kentucky, that the prospects for an abundant wheat crop were never better than at present. A great deal more than the usual amount was sown last fall, in order to supply the deficiency in the crop, which will be mostly felt in the coming summer months. Hence with an ordinary season more than an average yield may be expected, but as such a vast quantity was sown, a more abundant harvest will be gathered than ever before known in that region of country.

**Gov. Reeder.**  
Hon. A. H. REEDER, Governor of Kansas, arrived at Easton on the 1st instant. His visit is for the purpose of removing with his family to Kansas territory. He was welcomed at the Court House, by a very appropriate address by the Hon. J. M. Porter. In the course of his remarks, in reply, Governor Reeder referred to the reports of fraud and outrage upon the part of Missourians in the Kansas election, and emphatically confirmed the very worst statement of them which had preceded his arrival. He said his opinions on the subject of popular sovereignty had undergone no change, (Governor Reeder was and is a Northern man) but that the conduct of the people of the Missourians had astonished and amazed him by their reckless disregard of all laws, compacts and constitutions; that the Territory of Kansas, in her late election, had been invaded by a regular organized army, armed to the teeth, who took possession of their ballot-boxes and made a Legislature to suit the purpose of the pro-slavery party. Kansas was subdued, subjugated and conquered by armed men from Missouri, but her citizens were resolved never to give up the fight for their freedom and the independence of their soil from foreign control or interference. The State of Missouri would be called upon to disavow all sympathy with these border ruffians. If she refused, the South would be called on to discontinue her. If the South refuse, the solemn duty would devolve upon the North to take up the matter so that the rights of her sons who had settled in Kansas in the faith of solemn compacts, shall be vindicated and sustained. He declared that the accounts of the fierce outrages and wild violences perpetrated at the election, published in the northern papers, were in no wise exaggerated. He concluded by saying that Kansas was now a conquered country—conquered by force of arms—but that her citizens were resolved never to yield their rights, and relied upon the North to aid them by demonstrations of public sentiment and all other legal means until they shall be fully and triumphantly vindicated.

**A MAMMOTH WESTERN FARMER.**—Michael L. Sullivan, once the greatest farmer of the West, has recently removed to Illinois, and has commenced with one hundred men to put in ten thousand acres of corn this spring. In Ohio it was said he could ride in a direct course fifteen miles through his own corn-fields. The reason he gave for removing was that he wanted more room to expand his operations, and he found the Grand Prairie just suited to his notions of farming on a magnificent scale.

**A TERRIBLE NINETY-FOOT ENEMY.**—The Watchtower, at Adrian, Michigan, relates that Mrs. Lisette Beck, of that town, had been troubled for more than eleven years with that disease known as tinea, or tape-worm. She had employed the best physicians of Europe and America, without relief, and was supposed to be past recovery. A few days ago a young German doctor in that place, named John Dolinger, in less than two hours and a half, succeeded in freeing her of the monster worm, which (says the Watchtower) can now be seen at Newell & Co's jewelry store, complete and unbroken in length, measuring ninety feet!

**BRASS BAND CONVENTION.**—We learn from a northern paper that it is proposed to hold, some time in June next, at Plattsburgh, a Convention of the different Brass Bands in Northern New York and Vermont. Some ten bands have already signified their approval of such an assemblage. Those bands wishing to participate in this Convention will please address James Rice, Esq., Northfield, Vt.

**PHILADELPHIA CITY ELECTION.**—An election for city officers, including a Commissioner, Council, &c.,—was held in Philadelphia last Tuesday. But two candidates, (Treasurer and Commissioner), were voted for throughout the entire municipality. The official returns purport to elect Morton, K. N., City Treasurer, by 422 majority over Hagert, Reform Whig; and Hill, K. N., City Commissioner, by 176 over Sherry, Dem. The Democrats and Reformers elected 8 Select Councilmen against 4 Know-Nothings making the Select Council stand, with those holding over, 11 Democrats and Reformers, 12 Know-Nothings, and 1 Whig. The Common Council stands 34 Democrats, 41 Know-Nothings, and 2 Whigs. The result shows a considerable falling off in the American vote. Last year they elected their Mayor and other city officers by majorities varying from 8,000 to 10,000, and carried the Councilmen, &c., in every Ward but four.

**SALE OF CHINESE WOMEN IN CALIFORNIA.**—The San Francisco papers say that Ah Tyo, who was the first Chinese female that arrived in California, in 1850, and has always been engaged there in the broiler business, recently sailed for China for another load of girls. This woman brought from there, a year ago, eight women that she had purchased for forty dollars each. Their passage cost her \$80 each. She has from time to time sold out her stock at the rate of \$1,000 to \$1,500 each, to Chinese merchants and gamblers. On leaving for China she disposed of the lot remaining at \$800 each. These women dare not resist in these transactions, so much are they in dread of their tyrannical countrymen.

**EXPLOSION OF FOUR TONS OF GUNPOWDER.**—The powder mill of Stonebeck & Deweller, in Hancock township, Montgomery county, took fire on the roof on the 18th of April, in the morning. The workmen at first attempted to extinguish the flames, but finding the undertaking too hazardous, made their escape as soon as possible. In three minutes after a spark fell through the roof where there were about four tons of powder, which of course was instantly ignited, and the whole mill was blown sky high, a part of which has not since been seen. The explosion was terrible, and shook the country for miles around. No person was injured. Loss \$5,000.

**A GREAT HAUL OF FISH.**—One hundred and fifty thousand fish of the first quality of herrings and shad, were taken on the 24th instant at the fishery of Mr. Charles W. Mixon, on the Albemarle Sound. The number was so great that four hauls had to be made with small seines of 25,000 each before the large seine could be landed on the shore. We are pleased to learn that, notwithstanding the backward season, the present indications are that it will be a successful one, and that all the fisheries are doing a good business, with the prospect of an unusually large quantity being packed.—Norfolk Beacon.

**A CANINE SUICIDE.**—The Trenton (N. J.) State Gazette says that a valuable dog, belonging to a gentleman in that neighborhood, had a pup, which it was found necessary to drown. The parent showed signs of violent grief, and finding the body of her offspring, she fished it out of the creek and laid it on the porch of her owner's residence, looking reproachfully in his face. She then went to the creek, walked in and deliberately drowned herself.

**THE LATEST.**—A farmer who possessed a flock of "common hens" lately bought a half dozen Shanghais, and turned them together, when the Yankee breed refused to eat with the Shanghais, though the latter were peacefully inclined. The farmer then separated them, but it was no go, nor would the hens eat until the Shanghais were removed off the farm. The cause assigned for this freak is that the American breed had become imbued with American principles.

**BRANDSTUFFS FOR EXPORT.**—The New York Post says the export of flour and wheat to England has wholly ceased. Corn has been the only cereal shipped in large quantity; and of this 4,640,000 bushels have been sent forward against 4,199,000 in the corresponding period of 1854, namely, 1st September to date.

**THE MARRIED WOMAN'S  
PRIVATE MEDICAL COMPANION,**  
BY DR. A. M. MAURICEAU,  
PROFESSOR OF DISEASES OF WOMEN.  
One Hundredth Edition, (500,000), 18mo., pp. 286.  
FOR FINE PAPERS, EXTRA WORDS, \$1.00.  
A standard work of established reputation, found placed in the catalogue of the great trade sale in New York, Philadelphia, and other cities, and sold by the principal bookellers in the United States. It was first published in 1845, since which time  
**FIVE HUNDRED THOUSAND COPIES**  
have been sold, of which there were upwards of  
**ONE HUNDRED THOUSAND SENT BY MAIL,**  
attesting the high estimation to which it is held as a reliable popular medical treatise.  
**BOOK FOR EVERY FEMALE**  
(the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.)  
Every woman can discover, by comparing her own symptoms with those described, the nature, character, cause of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as the peculiarities incident to her situation are described.  
How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from *prolapsus uteri* (falling of the womb), or from *flour albus* (weakness, debility, &c.) Many in constant agony for many months preceding confinement. Many have difficulty if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are endangered during such time, will each find in its pages the means of prevention, amelioration and relief.  
It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Readers, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will afford to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, insupportable the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.  
In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, and the work has been reproduced by the public, by imitations of the title page, superior editions, and surreptitious infringements of copyright, and other devices and deceptions, it has become necessary, therefore, to  
**CAUTION THE PUBLIC**

**STARTLING, BUT TRUE!**  
**WHAT EVERY WOMAN SHOULD KNOW.**  
How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.  
**THE BLOOMING BRIDE,**  
Eat a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, yellow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

**THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,**  
BY DR. A. M. MAURICEAU,  
PROFESSOR OF DISEASES OF WOMEN.  
One Hundredth Edition, (500,000), 18mo., pp. 286.  
FOR FINE PAPERS, EXTRA WORDS, \$1.00.  
A standard work of established reputation, found placed in the catalogue of the great trade sale in New York, Philadelphia, and other cities, and sold by the principal bookellers in the United States. It was first published in 1845, since which time  
**FIVE HUNDRED THOUSAND COPIES**  
have been sold, of which there were upwards of  
**ONE HUNDRED THOUSAND SENT BY MAIL,**  
attesting the high estimation to which it is held as a reliable popular medical treatise.  
**BOOK FOR EVERY FEMALE**  
(the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.)  
Every woman can discover, by comparing her own symptoms with those described, the nature, character, cause of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as the peculiarities incident to her situation are described.  
How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from *prolapsus uteri* (falling of the womb), or from *flour albus* (weakness, debility, &c.) Many in constant agony for many months preceding confinement. Many have difficulty if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are endangered during such time, will each find in its pages the means of prevention, amelioration and relief.  
It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Readers, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will afford to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, insupportable the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.  
In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, and the work has been reproduced by the public, by imitations of the title page, superior editions, and surreptitious infringements of copyright, and other devices and deceptions, it has become necessary, therefore, to
