

Late Foreign News.

The announcement that the steamship St. Louis, from Havre, had arrived and the subsequent statement that the Asia had reached Halifax, led us to anticipate important European advices. By the St. Louis we have four days later, which announces the important intelligence that the Vienna Conference assembled on the afternoon of the 4th inst., and was almost immediately dissolved, leaving the destinies of Europe to the arbitration of the sword alone.

The steamship Asia, which arrived at Halifax yesterday, brings advices of exciting war news. The bombardment of Sebastopol was re-commenced on the 6th inst. On Sunday, previous to the Asia's departure, a despatch was received from Lord Raglan, dated June 8th, announcing that after a fierce bombardment, the French attacked and carried the Mamelon and White Towers. It is said the affair was marked with great gallantry on both sides. The loss of life has been great, but no figures have been given.

It must be borne in mind, that all this news comes through English channels.

FIREMEN FOR EUROPE.—It is stated that several members of the New York Fire Department are getting up an excursion to the Old World this summer. They are accompanied by Dodworth's famous cornet band, and will take passage in one of Collins's steamers to Liverpool. It is their intention to proceed to London, Manchester, and all the principal places in England, cross over to France, visit the Grand Exhibition of 1855, pay their compliments to His Majesty Louis Napoleon III., by whom they will be reviewed, and return via Vanderbilt's line of steamers from Havre.

CANDIDATES FOR THE PRESIDENCY.—Almost every partisan paper throughout our Union has a favorite individual at their mast head for the Presidential chair. Among the numerous persons we hear spoken of are the Hon. Caleb Cushing, the present Attorney General of the United States; George Law, nominated by the N. Y. Herald; the Hon. John Bell, of Tenn., supported by the N. O. Delta; J. Scott Harrison, son of the late Gen. Harrison; Com. Stockton, Millard Fillmore, Sam Houston and Jacob Broom. These are the most popular candidates for the office. Gen. Cushing is highly spoken of by the Democracy.

A CATHOLIC PRIEST CLAIMING HIS WIFE.—The Chicago Tribune says that a Catholic priest of that city, named Snieder, privately married a German girl about a year since. His wife afterwards deserted him and he was subsequently deposed from the priesthood. Recently he brought suit in chancery for the recovery of his wife whom he alleged was illegally detained from him by one Anthony Sneider, her father. The judge before whom the case was brought decided that the marriage was a valid one, but that the wife might do as she pleased about returning to her husband. The wife accordingly returned home with her father, heedless of the prayers and protestations of the ex-priest.

THE COMING HARVEST.—A gentleman who has recently travelled over 3890 miles, through portions of the States of Ohio, Kentucky, Indiana, Illinois, Missouri, Iowa, Michigan, Pennsylvania and Virginia, performed during the past weeks, and mostly by daylight, says "my heart has been constantly gladdened by the prospect of the growing crops." He is decidedly of opinion that, if no accident happen, there must be a very abundant harvest in all these States.

HUNG IN EFFigy.—Mayor Neal Dow, of Portland, Maine, who has made himself so notorious by shooting down men in the streets, was hung in effigy in Charlestown, Mass., on the 5th inst., on the telegraph wires opposite the Russel House, in Main street. On the back of the figure was a placard with the words, "Neal Dow, the murderer." The right hand held a lug, while the left held a copy of the Maine Law.

GREAT LOSS OF ALB.—Messrs. John Taylor & Sons in Albany, during Saturday night, lost ten thousand dollars worth of beer through the gross carelessness of one of their hands, in neglecting to shut off the main fasset connection of one of the rats, which was found in the morning to be running away into the river in great abundance.

In some portions of Arkansas the corn is said to be five and a half feet in height, and still growing at a rapid rate.
