

The Annual Message of Gov. Pollock. AN ABSTRACT.

The Governor commences with an acknowledgment to Divine Providence for the many blessings enjoyed.

THE TREASURY.—The receipts for the year amounted to \$8,631,402. The payments to \$5,885,705. Balance November 30th, \$1,465,097.

THE SINKING FUND.—There is due by the Treasury to the Sinking Fund the sum of \$35,011,99, to be applied to the redemption of the relief notes in circulation, and to the funded debt of the Commonwealth.

THE STATE DEBT.—Notwithstanding the revenues for the last four or five years have largely exceeded the ordinary expenditures of the government, yet in consequence of the large and insatiable demands upon the Treasury for the completion of the North Branch canal, the Portage rail road and other kindred improvements, the public debt, instead of being reduced, has been increased, and now amounts to \$11,697,595.

THE ESTIMATES.—It is calculated that the receipts for the current fiscal year will exceed the expenditures \$1,500,000.

THE PUBLIC WORKS.—The aggregate receipts at the Treasury from the public works, for the year ending November 30, 1855, were \$1,942,376.71. The aggregate expenditures, including ordinary and extraordinary payments, for the same period, amounted to \$1,838,791.18, showing an excess of receipts, over all expenditures, of \$1,038,585.53.

THE TONNAGE TAX.—The total amount of this tax paid into the Treasury, for the year, is stated at \$161,125.

THE COLUMBIA ROAD.—There has been a large increase of the business and tonnage of this road, and a corresponding increase of the receipts.

THE INDIAN PLAINS.—The railroad to avoid the inclined planes on the Allegheny Mountains has not yet been completed, but it is to be hoped that a satisfactory result will soon be announced.

THE MAIN LINE.—No offers were made, and consequently the works remain unaltered. The Governor repeats the view he formerly expressed in favor of a sale.

THE CURRENCY.—Without desiring to assume a general hostility to all banks, the Governor cannot discover the necessity that requires, or the circumstances that would justify the incorporation of all that may be demanded from the Legislature.

THE BANKS.—No offers were made, and consequently the view he formerly expressed in favor of a sale.

Chippewa Indians in Boston.

A very interesting party of Chippewas arrived at the Bromfield House on Wednesday evening, from White Oak Point, Minnesota, a locality between 300 and 400 miles beyond St. Paul, on the Mississippi river.

The names of the chiefs are as follows: Na-mah-aug-yash—Closing Feather. Wah-be-de-gu—Round Setter. Ke-be-dwa-ke-yehik—Betwixt Heaven.

Mah-gah-che-wa-tong—The beginning Crier or beginning of an oration.

Me-she-ke-o-be-Mah—The only Chief.

U-gah-be-dwa-we-tong—The Ever Speaker.

Mah-gah-che-wa-we-tong is the war chief and principal orator of the tribe, and is represented by Mr. Tanner as a most impressive speaker. The Journal says:

The Indians will meet the officers of the Unitarian Association on Monday morning and probably some public meeting will be held, at which the Indians will make addresses.

The delegation attracted much attention. They were neatly and plainly dressed, with sufficient of the peculiar trappings of the red man to give them the true Indian look.

A good anecdote is told of one of them. He was asked why Indians do not copy the dress of our people. He replied: "We think we started your fashions; your men now wear blankets as we do, and your women paint their faces and wear feathers."

A bill fixing the election of U. S. Senator on the 14th inst. was passed.

Mr. Beck, on the 21, read in place a bill to repeal an act to restrain the sale of intoxicating liquors.

Mr. Craig, on the 4th, read a bill in place to authorize the appointment of a public auctioneer in Mauch Chunk; also, a supplement to the act for the encouragement of the manufacture of iron with coke and mineral coal, &c.

COMMERCIAL VALUE OF THE HOG.—The Working Farmer says that the value of the hog crop this year, in the U. States, will fall little short of two hundred millions of dollars, or fifty million more than the cotton crop.

THE HOG MARKET.—The warm weather has increased the dullness in the hog market. We could not hear of a transaction, and quote nominally \$6 to \$6 25—the outside figure on time purchases, and have not seemed anxious to give these prices.
