A REMARKABLE MURDER TRIAL IN PRINSYL VANIA.—The Corrigan murder trail, in Westmoreland county, Pa., is one of the most remarkable that has occurred in this country since the celebrated Professor Webster and Parkman case at Boston.

Corrigan is an old man, of some sixty to sevburning. A button, similar to those worn upon a woman's night dress was found in the fire, also one belonging to a man. Considerable blood was found in different parts of Corrigan's house although evident attempts had been made to conceal it. All of the woman's dresses! that she was known to have, were found at home in their usual place. This indicated that she had not gone away voluntarily.

A personage passing Corrigan's house, on the night she was last seen, heard screams coming from that quarter. A sled, having marks of blood upon it, was found near the house, with tracks, showing that it had been evidently dragged in the night time by a horse, near to the fire where the bones were found. Corrigan and his wife. who lived alone, were known to quarrel. He gives no satisfactory explanation of these circumstances. He pretends that he gave his wife money to go to Philadelphia, and that the bones found in the fire were old bones, scraped up in rubbish which he was DANIEL FENSTERMACHER, aged 66 years and burning on his farm .- But this is rendered im- 15 days. probable by the strong animal smell which came

After a trial of several days, and speeches both for and against the prisoner by able coun. sel, he was convicted of murder in the first degree, and sentenced to be hung. No body was ever found or identified as that of his wife.-The circumstances are such as we have stated.

THE SUNDAY LIQUOR LAW CASES .-- The persons convicted at the last term of the Quarter Sessions, of Philadelphia, for selling liquor on Sunday, were on Friday sentenced by the Court to a fine of \$50 and thirty days' imprisonment. The parties implicated are some of the principal tavern keepers in the city. The law requires that on conviction a fine of not less than \$10 nor more than \$100, shall be imposed, and imprisonment for not less than ten days nor more than sixty. The Court has gone just half way between the two extremes.

The Ledger gives the following account of the scene in Court, at the time the sentence was passed upon the parties:

Before the adjournment of the Court, the defendants, who where convicted, being all present, Judge Kelly proceeded to pass sentence. The Judge made a few remarks, in which he told the defendants, that as they were all men of intelligence, it was unnecessary for him to dwell upon the offence of which they had been convicted. They knew the law and penalty for its violation; they had knowingly braved the risk, and they now found, like others, that the law was stronger than any single man.

The following named defendants were sontenced each to pay a fine of \$50 and costs, and to thirty days imprisonment in the County Prison, viz:

William Shinn, Robert G. Simpkin, James G. Smith, James Elliott, Thomas Butz, Wil liam Carrels and John II. Sheridan.

HOCKING OCCURRENCE—A WOMAN BURN ED TO DEATH.-Last night, a little after midnight, Officer Benjamin Gray discovered that a small dwelling in Dehaven's Court was on fire. Smoke was issuing from the second story windows. The Officer gave the alarm and aroused a man and his wife who slept in the third story. Upon proceeding to the second story room some articles of clothing were found to be burning; the fire was speedily extinguished, and the smoke was allowed to escape from the room, when a horrible sight was presented. It seems that an old lady named Anna BARBARA FOSTER, occupied the room. She was found sitting in a chair quite dead, with all her clothes burned off and her body dreadfully scarified. It is not known how the fire originated. The deceased was eighty years of age. The Coroner held an inquest in the case this afternoon. From circumstances it is believed that the old lady was rubbing herself with alcohol, for a swelling in the limbs, at the time she took fire. The jury rendered a verdict of death from burns accidentally received. The deceased leaves several grown up children .-Philadelphia Bulletin, 16th.

Several young doctors in Washington city on Saturday night last proceeded to the Almshouse grave yard, with a horse and wagon, to take off a deceased woman. Her husband was near watching them, and firing upon them, put them to flight, leaving behind the horse and wagon, of which he took possesion.

TRUTH STRANGER THAN FACTION."-Such would seem to be the case with the remedy now before the public, known as Carter's Spanish Mixture. Its powers in many instance seems to be really miraculous, and especially in the radical and peramanent cure of some of the most terrible forms of disease with which man-kind are afflicted. Scrofula, which seems entirely to baille the skill of Physicians, has been cured in many instances by only a FEW BOT TLES of this invaluable compound. Syphilis, another of the most awful scourges, has been cured by Carter's Spanish Mixture in over 500 cases. It acts specifically on the Liver and secretions, and is the best alterative or blood purifier yet discovered. It has gained reputa-tion wherever known which cannot be approached by any former effort of science, and it is prescribed by physicians and testified to by many of the most eminent public men of the country, many of whom say they consider it a matter of duty to make its merits generally known, and cordially recommend it to the afflicted.

MODERN INVENTIONS.

We know of no invention of modern times that detemple of fame, than the discovery or invention of the Vegetable Epiletic Pills for curing Epilepsy, or Falling Fits; Spasns, Cramps, and all the various medications of Nervous Discase. Dr. Scale S. Hance, of 108 Baltimore street, Baltimore, Md., the inventor, is certainly entitled to the best wishes of all the benevoenty years of age. His wife disappeared on
the 29th of September last, and has never been
heard from since. Four or five days after, some
bones and part of a skull, declared by professional men to be those of a human being, were
found by some of the neighbors in a large fire
which had been burning near Corrigan's resi
dence in an open field. Corrigan had been observed starting it, at unusual hours. A smell
came from the fire like that of an animal carcass

WARREN'S IMPROVED FIRE AND WATER PROOF COMPOSITION ROOFING.

Joseph Clowell, Allentown, Agent for Lehigh Co.

Joseph Clewell, Allentown, Agent for Lehigh Co.

YOUR attention is respectfully solicited to the above method of Roofing, now much used in Philadelphia and vicinity, and which has been extensively in use in Lany of the cities of the West, during more than eleven years past, during which time it has been tested under every variety of circumstances, and we confidently offer it to the public as a mode of Roofing unobjectionable in every important particular, while it combines, in a greater degree than any other roof in use, the valuable requisites of cheapness, durability, and scentity against both fire and water.—This is rapidly superseding the use of all other kinds of roofs, wherever it has been introduced, giving general satisfac. An, and is highly recommended by all who have tested its utility. These roofs require an inclination of not more than one inch to the Goot, which is of spectral advantage in case of fire, and for drying purposes. They are offered at a price considerably less than any other roof in use, while the amount of material saved; which would otherwise be used in extending up the walls and framing for a steep toof, often makes a still farther important reduction in the cost of building. Uniters may be sexpense than any other. In case of defect or injury, from any cause, there is no roof so easily repaired.

The materials being mostly non-conductors of heat, no roof is so cool in summer, or so warm in winter. There wishing to use our roof, should give the rafters a pitch of about one inch to the foot. For further information apply to Joseph Clewell, at Allentown, our agent for Lehigh mod Carbon counties, who is pre-
