PILLS. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extension THERE has long existed a public demand for an sure and perfectly sale in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills — one which should have more of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrinonious and irritating to the bowels. This is not. Many of them produce so more than counterbalance the good to be derived from floor. These pills produce no irritation or pain, urboss it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no hano can arise from their nee in any quantity: but it is better that any medicine should be taken judiciously. Minute directions for their use in the acyeral diseases to which they are applicable are given on the box. Among the complaints which have been specially cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languer and Loes of Appletic, Eistlessness, Irritability, Bilicus Headache, Bilicus Fever, Fever and Ague, Pain in the Side Bilicus Fever, Fever and Ague, Pain in the Side Bilicus for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, I'liks, Colle, Diventery, Humors, Serofula and Scurvy, Colds with soreness of the body. They have also produced some singularly successful cures in Rheumatism, Gout, Dreppy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stemath and howels into healthy action

This remedy has won for itself such notoricty from its cures of every variety of pulmonary alsease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable at tacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarseness, &c.; and for Childhen is the pleasantest and safest medicine that can be obtained. that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by all the Druggists in Allentown, and by Druggists gonerally throughout the Country
