AYER'S PILLS

A NEW and singularly successful remedy for the cure of all Billious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Fernale Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive babit of bedy pretaffer besides it soon generates serious and often faint diseases, which might have been avoided by the thirdly and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Billious de rangements. They all tend to become or produce the deep scated and formidable distempers which he dethe hearies all over the land. Hence a reliable family physic is of the first importance to the proble health, and this Pill has been perfected with consummate skill to meet that demand. An extentive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untrath. stantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:
DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

Hon. Edward Evenerr, Senator of the U. S. Robert C. Winthrop, Ex-Spoaker of the House

of Rey exentatives.

Amort Lawrence, Minister Plen, to England, Jorn B. Fitzpather, Cath. Bishop of Boston, Also, Dr. J. R. Childron, Practical Chemist, of New York City, endorsed by Hox. W. L. Manor, Secretary of State.

WM. B. Aston, the richest man in America.

S. Leland & Co., Prope's of the Metropolitan Hotel, and others.

certificates, from all parts where the rais have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These l'ills, the result of long investigation and study, are o'fered to the public as the best and most complete which the preserv state of medical science can afford. They are compounded not of the drugs themselves, but of face medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of actimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of cach substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the l'ills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the l'atent Medicines that are offered, how few would be taken indefined removation was known! Their life consists in their mystery. I have now set the accurate to the property to be promptly forwarded by mail to his address.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wenderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate if into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no haum can arise from their use in any quantity.

For minute directions, see wrapper on the Box.
