MARRYING MAN.-A few days ago Judge Perrin, of this city, married a man for the fifth time. A singular feature in the case is that the fifth wife was also the third wife. The third marriage not proving a happy one, the third parties were separated and were divorced. The man married again, and when Mixture in curring many of the worst forms of death claimed his fourth wife, the disconsolate Scrofula. Rheumatism, and all diseases arising widower returned to No. 3, and wooed and won her. Judge Perrin thinks he has tied them up effectually this time. The lucky man had the impudence to claim a reduction of the es with which mankind is afflicted, Carter's marriage fee in consequence of the large business he was doing in that line .- Covington

UNCLE SAM'S FUNDS .- The United States Treasurer reports the net amount subject to draft on the 24th of March, \$2,372,285.

CLOSE CALCULATION.—A SINGULAR CASE. -A man seventy-three years of age recently died in the Indiana penitentiary, of an affection of the heart. He was a miser, was incorcerated for a forgery of \$25, and has left a fortune of \$100,000. He denied himself the smallest luxury beyond the prison fare, and at the time of his arrest he was tendered counsel, who pledged themselves to clear him of the charge for the fee of \$500. To this the old man replied, that "if convicted the sentence would of overy style, for sale cheap, at plied, that "if convicted the sentence would of overy style, for sale cheap, at HOUPT & STUCKERT'S. be for two years, and he didn't think he could make his expenses and two hundred and fifty dollars a year out of the penitentiary, and it would cost him nothing to live there, and he would save that much anyhow'!"

TERRIBLE LEAP-CLEAR GRIT.-We learn that one of the workmen fell from the Rock Island Railroad Bridge last week, a distance of fifty-two feet. A large stick of timber fell at the same time, and from the same place. The ice being rotten, both the stick of timber and the man went through together, and the men on the bridge stood aghast, expecting to see their comrade no more. But in a twinkling he scrambled out on the ice, and, with clenched fists and significant gestures, commenced swearing terribly at some one for pushing him off the bridge. Barring the cool bath he had received. he was none the worse of his fearful adventure. -Chicago Press.

The notorious Nathan Brown, the most remarkable bigamist ever known in America, was brought by officer Eliott, the other day, from near Jeffersonville, Indiana, under a requisition from Governor Chase. He is reputed to have nine living wives! His practice has been to live with each about three months, get hold of their property, and desert them: He is now safe in Butler county jail, at the instance of his seventh wife, a resident of this city. The Church Dedication old sinner is fifty-three years of age, and has married three wives within two years.

TILLINOIS AND MICHIGAN CANAL—CORN IN EGYPT .- The La Salle Press, of the 16th, states that the canal and steamboat basins at that place, have been closely packed with loaded boats, part of which received their cargo at La Salle, part at Peru, Peoria, and other places on the Illinois river, and some at St. Louis-all awaiting the opening of the canal. Nearly all of them were laden with corn for Chicago. On Monday the canal was opened, and on that day and part of Tuesday, clearances were issued to sixty boats, conveying 226,000 bushels of corn to that city, which is

Two Children Killed.—Two children were killed at Tiltonsville, Ohio, last week, under painful circumstances. The day being pleasant, the two children had taken a babe and gone out doors to play. Last winter some trees had been felled and cut into saw-log lengths, and left lying on the hill side. The thawing and washing of the dirt on the hill-side had so loosened one of the logs that of its own weight it gave way, and rolling over the party, the two eldest were instantly crushed to death; and, remarkable as it may appear, the little babe was saved with scarcly a scratch—a knot on the log elevating it so as to pass over the hards without hardly touching it.
