A great sale of negroes recently took place in Tennessee. The Executor of the estate of Montgomery Bell, sold 136 negroes belonging to said estate, for the sum of \$106,105-an average for each of \$780.18. 25 of the negroes were under 5 years old : 23 over 5 and under 10: 19 over 10 and under 20: 13 over 20 and under 30; 12 ever 30 and under 40; 16 over 40 and under 50; and 12 were 50 years old and upwards. "HONOR TO WHOM HONOR IS DUE."-The great number of persons in all parts of the country who have experienced the health-restoring and blood-purifying effects of Carter's Spanish Mixture in curing many of the worst forms of Scrofula, Rheumatism, and all diseases arising from impurity of the blood, has created a demand for it which is alike gratifying to proprictors and patients. Among the thousand medicines which profess to cure all the diseases with which mankind is afflicted. Carter's Spanish Mixture stands like a monument, a "giant among pigmies," and all owing to the simple fact that it does really possess properties found in no other, and cures by its specific power over the blood; expelling from that great seat of life all impurities of lurking disease, opening the secretions, acting gently on the Liver, and in fact, adding and assisting nature to collect her energies: thus giving strength and vigor in-stead of weakness and debility. The trial of a single bottle will bear us out in all, we say of this valuable remedy.

EPILEPSY, OR FALLING FITS.

We believe we cannot do our renders a more important service, than by again calling their attention to that most remarkable preparation, discovered by Dr. Seth S. Hance, of Baltimore, Md., which possesses the power of alleviating and earing that horrid visitation of man—Epilepsy, or Falling Fits. In recommending this preparation to our readers, we do so with a conviction that we are not degrading our columns to puff a common patent medicine, but are placing before them a discovery, which, if fully known, would probably do more to alleviate human suffering, than any invention of modern times. Dr. Il-nee, in would probably do more to alleviate human suffering, than any invention of modern times. Dr. Hence, in rasking us to notice his preparation favorably in our editorial department, has sent us for perusal a number of letters from persons who have used his Piller and have been cured thereby. All of them speak in the most grateful and enlogistic terms. One great advantage this medicine possesses is the fact, that it can be transported through the muits, thereby affording eyers one an enuorumity of dealing directly. with the inventor, and also precluding all possibility of being imposed on by a counterfeit or spurious imitation. Dr. Hance pays the postage on his Pills to any part of the country, and will forward them by return of mail, on the receipt of a remittance. If is turn of mail, on the receipt of a remittance.
