No. 9 West Hamilton street, Allentown, Pa. B. LOCHMAN respectfully informs the citizens of the Allentown and vicinity, that he is now prepar-ed to take AMBROTYPIES in connection with Deguerrootypes. Ills Ambrotype is a new and beautiful style of picture taken on glass, and unequall-ed by any other style. They are without the glare of the Daguerrootype, and therefore can be seen in any view. They can be seen on either side of the plate, are not reversed, and show everything in its true po-titon. Their cost is but a triffe more than a daguer-reotype, and they are indestructable to the netion of the atmosphere, and cannot be fujured by rubbing or to plass, and uney rubing to the attern as servituent of the second they are indestructable to the netion of the statem in an unsurpased style without regard to weather. By long experience, arduous toil, a desire to plass, and heavy investments of capital, he feels assured that any one who may favor him with a call will receive in return a perfect picture, not to in this section of county. I for would also invite at-tention to his new and splendid stock of eases, while range in price from 75 cents to 10 dollars. Please bear in mind, that pictures can be taken in clear or cloudy weather. Allontown, Fel. 7. -1y cloudy weather. Alientown, Feb. 7. ---1y

 Did space permit, we could give many hundred certificates, from all parts where the Fills havo been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.
 These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for neclicing has been found in the Cherry Peetoral and Pills both, to produce a more efficient remedy than had hitherts been ob-tained by any process. The reason is perfectly oo-vious. While by the old mode of composition, every medicine is burdened with more or less of acri-monicus and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual-ities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the offects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidot to disease than any other medicine known to the world.
 As it is frequently expedient that my medicine should be taken under the counned of an attending Physician, and as he could not properly j

Their life consists in their mystery. I have no mysteries. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful inedicine before its effects were known. Many em-inent Physicians have declared the same thing of my Fills, and even more confidently, and are will-ing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the bdy, restoring their irregular action to health, and by correcting, wherever they exist, such derange-ments as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper on the Box. **FREPARED BY JAMES C.
