Lochman's AMBROTYPE AND DAGUERREOTYPE GALLERY,

No. 9 West Hamilton street, Allentown, Pa.

No. 9 Wost Hamilton street, Allentown, Pa. B. COCHMAN respectfully informs the citizens of Allentown and vicinity, that he is now prepar-ed to take AMBROTYPES in connection with Daguerreetypes. His Ambrotypes are far superior to these of any other operator in town—however much may be talked of the "Patent" Ambrotype, to the con-trary notwithstanding. The Ambrotype is a now and beautiful style of picture taken on glass, and unequall-ed by any other style. They are without the glare of the Daguerreetype, and therefore can be seen in any view. They can be seen on either side of the plate, are not reversed, and show everything in its true po-sition. Their cost is but a trifle more than a diguer-reetype, and they are indestructable to the action of the atmesphere, and cannot be injured by rubbing or washing. Both Ambrotypes and Daguerreetypes taken in an unsurpassed style without regard to weather. By long experience, ardnous toil, a desire to please, and heavy investments of capital, he feels assured that any one who may favor him with a call will receive in return a perfect picture. pate to assured that any one who may favor him with a call. associate that they one with hity intervention with a cut-will receive in roturn a portect picture, not to be excelled, in point of artistic beauty, by any one in this section of country. He would also invite at-tontion to his new and splondid stock of cases, which range in price from 75 conts to 10 dollars. Plonse bear in mind, that pictures can be taken in clear or cloudy weather cloudy weather

AYER'S PILLS

AYER'S PILLS, A NEW and singularly successful remedy for the gestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medi-cine is not more or less required, and much sick-ness and sulfering might be prevented, if a harm-less but effectual. Cathartic were more freely used. No person can feel well while a coursive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Billous derangements. They all tend to become or produce the deep seated and formidable distempers which laad the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Profes-sors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not suu-stantiated by persons of suck exaited position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention : D. M. A. HATES, Analytical Chemist, of Boston, and State Assayer of Massichusetts, whose high professional character is endorsed by the HOX. EDWARD EVENET, Senator of the U. S. ROMENT C. Hotel, and others

W.M. B. Asront, the richest man in America. S. LELAND & Co., Propr's of the Metropolitan Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Fills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Peetoral and Pills both, to produce a more efficient remedy than had hitherto been ob-tained by any process. The reason is perfectly oo-vious. While by the old mode of composition, every medicine is burdened with more or less of acri-monious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual-ities of each substance employed are left behind, the eurative virtues only boing retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidot to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my pectoral and Pills are made to the whole body of Practitioners in the United States and British Amer-ican Provinces. If, Mowever, there should be any one who has not foreived them, they will be promptly forwarded by mail to his address. . Of all the Patent Medicines that are offered, how fow would be taken if their composition v

few would be taken if their composition was known t Their life consists in their mystery. I have no mysteries. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many em-inent Physicians have declared the same thing of my Fills, and even more confidently, and are will-ing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internal viscent to purify the blood and stimulate it into healthy action -- remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-ments as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. FREFARED BY JAMES C. AYER,
