Lochman's AMBROTYPE AND DAGUERREDTYPE GALLERY, No. 9 West Hamilton street, Allentown, Pa

Keck & Newhard's, LOCHMAN respectfully informs the citizens of · Allentown and vicinity, that he is now prepar-to take AMBROTYPES in connection with Daguerrectypes. His Ambrotypes are far superior to those of any other operator in town—however much may be talked of the "Patent" Ambrotype, to the con-may be taked of the "reduct Ambrotype is a new and trary notwithstanding. The Ambrotype is a new and beautiful style of picture taken on glass, and unequall-ed by any other style. They are without the glare of the Daguerreotype, and therefore can be seen in any view. They can be seen on either side of the plate. the Digutified pipe and the full of the set of the plate, wiew. They can be seen on other side of the plate, are not reversed, and show overything in its true po-sition. Their cost is but a triffe more than a daguer-reotype, and they are indestructable to the action of the atmosphere, and cannot be injured by rubbing or washing. Both Ambrotypes and Daguerreotypes taken in an unsurpassed style without regard to weather. By long experience, arduous toil, a desire to please, and heavy investments of capital, he feels assured that any one who may favor him with a call will receive in return a perfect picture, not to be excelled, in point of artistic beauty, by any one in this section of country. He would also invite at-tention to his new and splendid stook of cases, which range in price from 75 cents to 10 dollars. Please bear in mind, that pictures can be taken in clear or bear in mind, that pictures can be taken in clear or cloudy weather. Allontown, Feb. 7.

New Boot and Shoe Store IN ALLENTOWN.

FINK & BROTHER. LATELY oponed a now Boot and Shoe Store, at No. 12 East Hanilton street, formerly occupied by Jersmiah Schmidt, in the same businese, but the public may confidently roly upon it that they will at all times keep on hand, a better, larger, and at the same time cheaper stock, than was ever kept in the build-ing before. They will always have on hand Gentlemen's Boots, Shoes and Slippers, Ladios' and Misses Guitors, Shoes and Slippers, Children's Boots and

and Slippers, Children's Boots and Shoes. Also, Coarse Boots and Shoes for Mon and Boys, Gums, &c. All kinds of Gentlomon's and Ladies' work made to

order in the most approved styles, at short notice, and of the best of materials, and as they have better work-men than ever worked in the building before, they

are willing to warrant all work. Being new beginners, they hope by punctual at-tendance to business and low prices, to receive a share of public patronage. March 26. -- 11

FARMING LANDS,

In Tracts of 40 acres and upwards, on long Credits and at low rates of Interest. The second secon Silks, Brilliantes, Poplins, Ging-Mulls, Cambries, Jaconots, Prints, &c., cheaper than they can be purchased anywhere else.

Crape, Silk, Thibet, Cashmere,

Maintina's and Capes, cheap. We have Silk Mantillas, some as low as \$1,50. Spring Shawls as low as \$1,50. Very good Silks for 62½ conts a yard. We have all wool Delaines, of dif-ferent colors, at 10 cents, French Lawn, yard wide, at 10 cents, Calicoss, a large stock, as low as 5 cents. In the next place we have a flue assortment of CLOTHS, CANSIMERS, COTTONADES, ON CANEDER (THERED)

substantial and growing home-demand for farm pro-duce. The soil is a dark, rich mould, from one to five feet in depth, is gontly rolling and poculiarly fitted for grazing cattle and sheep, or the cultivation of wheat, Indian corn, etc. Economy in cultivating and great productiveness are the well known characteristics of Illinois lands. Trees are not required to be cut down, stumps grub-bed, or stone picked off, as is generally the case in cultivating new land in the older States. The first crop of Indian corn, planted on the newly broken sod, usually repays the cast of plowing and foncing. Wheat sown on the newly-turned sod is sure to yield very large profits. A man with a plow and two yoke of oxen will break one and a half to two ecres per day. Contracts can be made for breaking, ready for corn or wheat, at from \$2 to 2,50 per nere. By judicious management, the land may be plowed and fenced the first, and under a *high state of cultivation* the second year.

fenced the first, and under a high state of cultivation the second year. Corn, grain, entile, etc., will be forwarded at rea-sonable rates to Chicago, for the Eastern market, and to Cairo for the Southern. The larger yield on the cheap lands of Illinois over the high-priced lands in the Eastern and Middle States, is known to be much more than sufficient to pay the difference of transpor-tation to the Factor nurket tation to the Eastern market.

tation to the Eastern murket. Bituminous coal is mined at several points along the Road, and is a choup und desirable fuul. It can be delivered at several points along the Road at \$1,50 to \$1,00 per ton; Wood can be had at the same rates or cord assortment of

to \$1,00 per ton; Woon thin be had at the same rates per cord. Those who think of settling in Iowa or Minnesota, should bear in mind that lands there of any value, along the water courses and for many miles inland, have been disposed of,—that for those located in the interior, there are no conveniences for transporting to market the produce, Railronds not having been intro-duced there. That to send the produce of these lands one as two hundred miles hy woron to market, would aucon there. Infit to send the produce of these funds one or two hundred miles by wagon to market, would cost much more than the expense of cultivating them, and hence, Government lands thus situated, at \$1,25 per acre, are not so good investments as the land of this company at the prices fixed.

as the stock has been selected from the largest as-sortments in the cities. As all IIATS are manufactured under the immedi-ate supervision of the firm, both being practical hat-ters, they feel warranted in saying that for durability to market is far greater, and every hundred miles the and finite they control to great the supervision of the saying that for durability is a market is far greater, and every hundred miles the

PRICE AND TERMS OF PAYMENT. The price will vary from \$5 to \$25, neoording to location, quality, etc. Contracts for Deeds may be made during the year 1856, stipulating the purchase money to be paid in five annual installments. The first to become due in two years from the date of con-tract, and the others annually thereafter. The last

AYEER'S PILLS, A NEW and singularly successful remedy for the gention, Jaundice, Dropsy, Rheumatiam, Fevora, Gout, Humors, Nervousness, Irritability, Inflamma-tione, Hendache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, rey few are the diseases in which a Purgative Medi-cine is not more or less required, and much sick-ness and suffering might be prevented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is allike true of Colds, Feverish symptoms, and mich load the hearses all over the land. Hence a reliable family physic is of the first importance to withensummate skill to meet that demand. An exensive trial of its virtues by Physicians, Profes-many thing hitherto known of any medicine. W.M. B. ASTOR, the richest man in America.
S. LILAND & Co., Propr's of the Metropolitan Hotel, and others.
Did space pormit, we could give many hundred certificates, from all parts where the Fills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.
These Fills, the result of long investigation and study, are offered to the public as the best and most complete which the preserv state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more officient remedy than had hitherto been obtained by any process. The reason is perfectly orvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are loft belind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial and the Fills a surce, more powerful antidot to discuss than any other medicine known to the world.
As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, they will be any proceed them, they will be any more by which both my medicines that are offered, how few would be taken if their composition was known 1 Their life consists in their mystery. I have no mysteries.

Their life consists in their mystery. I have no mysteries. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their infrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful inedicine before its effects were known. Many em-inent Physicians have declared the same thing of my Pills, and even more confidently, and are will ing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they axist, such derange-ments as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper on the Box. IREPARED BY JAMES C. AYER,
