Exciting News from Kansas. Sr. Louis, June 2.-We have the following from Leavenworth City, under date of May 28 : | following :

An extra of the Westport News, headed noon, and threw the pro-slavery men here into above Franklin, brought into our office on Mon-"War !" " War !" reached this city this foregreat excitement. They held a private meetattack Leavenworth, and let no free State men pass, and they are determined to make arrests States arms,) have been parading all the fore- sands upon thousands of these little troublenoon, making arrests.-They took prisoner a clerk of the committee of Congress, named Conway, and two witnesses that had been subpoenaed, Messrs. Parrot and Miles Moore.

Mesars. Moore and Parrot were arrested while conversing with Mr. Sherman. Mr. Sherman asked if it was by legal process they had taken one of the clerks of the commission. Mr. Wilkes, one of the party, said it was notthat he had no legal authority, but that he would arrest the men he had down on his list. Many others have been taken. The town is excited, and the commission fear they must leave. Alarming extras are sent from Westport to the border towns. A fight is expected towards Pottowatomie. The last difficulty arose artisttowatomie Crcek. Some pro-slavery men tried to drive a free State man from his claim, but he refusing to go, they took him and were about to hang bim, when his neighbors came to the rescue and shot some of the proslavery party. Leavenworth was surrounded surveilance.

The Republican publishes an extra of the one hours. Kansas Herald of the 28th ult., which confirms the report previously telegraphed of the murder of eight pro slavery men on the Pottowatomie creek by a p rty of free State men. The victims were most horribly mutilated. In some instances, after their throats had been cut, their legs and arms had been chopped off and their eyes gouged out. All the pro-slavery families at Hickory Point were driven off at the point of the bayonet, and their horses and provisions stolen by the free State men.

It is estimated that the loss sustained by the citizens of Lawrence by the recent attack will amount to \$100,000.

A letter to the Democrat, dated Topeka, 25th, says: "The U. S. District Court has adjourned till the second Monday in September. Judge Lecompte refused to admit Messrs. Robinson,

He had some of the fruit at the Pennsylvania State Agricultural Fair, held at Pittsburg, which sold readily at 50 cents a quart.

MUSIC BY STEAM.-Mr. Stoddard of Worcester, Mass., has invented a musical instrument which is played by steam. This ends the dissonant screeching of the steam whistle. and our cars are to run melodiously henceforth. It is said a joint stock company has been formed for the manufacture of the instruments, and is called the "Steam Music Company."

QUICK TRAVEL .-- Of the instances of rapid traveling arrangements we have recently reby picket guards, and no one suffered to enter corded, Pennsylvania seems to offer the most or leave the town. The correspondent of the Tribune sends a list of the property destroyed at Lawrence, amount-ing to \$130,000. The difficulty mentioned as occurring at Pot-towatomie Creck took place at Osawatomic. TIME WILD WOMAN.—The Cincinnati Commercial gives an account of a visit to the "Wild Woman of the Wachita Mountains," now in that city, and kept a prisoner at the United States Hotel. She is a tall, gracefully formed young white girl, and at the time was standing with a stout rope about her waist, and attached to a bed post. Her appearance at first was quito maniacal, but the expression of her countenance subsequently softened. She does not talk. The only sign she makes THE WILD WOMAN.-The Cincinnati

She does not talk. The only sign she makes ng morbid secretions and forcing nature to resume with her mouth is a mumbling, moaning, her course, renewing and healing. No burn, seald, groaning, with which, when hungry or thirsty, she makes known her wants. There is nothing like timidity in her looks. Her brow and temples indicate superior mental capacity.

Mr. Northcott, her custodian, tells a romantic story about the capture of the woman among the Wachita Mountains, about three hundred miles from the frontier of Texas, in the Camanche county, by a party of gold hunters, of whom he was one, in the spring of 1855. She lived in a cave, and subsisted on wild fruits and berrics, and was captured with a lasso. Mr. N. says his object is to civilize her.

WHAT CONSTITUTES A "RELATIVE."- A great deal of nonsense has been talked about BETH KERN, of South Whitehall, the relationship between BurLen and BROOKS, as justifying the outrage committed by the latter. Perhaps some of our readers may be curious to know precisely what his relationship is. A letter received from Mr. BROOKS by a gentleman of Boston, last February, says : "My grandfather married Senator BUTLER's father's granditation married contacts a relationship on the 5th of June, in Allentown, of y aunt." The closeness of such a relationship jaundice, CHARLES GROSS, aged 52 years. can only be appreciated by one who is, like BROOKS, "half a scote"
