AND DATUGEMENT FFE GALLERY, No. 0 West Hamilton street, Allentown, Pa. **B**. Allentown and vicinity, that he is new prepar-cl to take **AMBROTYPES** in connection with Daguerreotypes. His Ambrotypes are far superior to these of any other operator in town—however much may be talked of the "Patent" Ambrotype is a new and beautiful etyle of picture taken on glass, and unequall-ed by any other style. They are without the glare of 1 the Daguerreotype, and therefore can be seen in any view. They can be seen on either side of the plate, are not reversed, and show everything in its tue po-sition. Their cost is but a trille more than a duguer reotype, and they are indestructable to the netion of the atmosphere, and cannot be injured by rubbing or washing. Both Ambrotypes and Daguerreotypes taken in an unsurpassed style without regard to weather. By long experience, arduous toil, a desire to please, and heavy investments of capital, he feels assured that any one who may farer him with a call will receive in roturn a perfect picture, not to be excelled, in point of artistic beauty, by any one in this section of country. He would also invite at-tention to his new and splondid stock of cases, which range in price from 75 cents to 10 dollars. CONSUMPTION. THIS remedy has won for itself such notoricty from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evi-dences of its virtues in any community where it has been employed. So wide is the field of its use-fulness, and so numerous the cases of its cures, that almost overy section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too appa-rent to escape observation, and where its virtues are known, the public no longer hesitato what antidote to employ for the distressing and dangerous affec-tions of the pulmonary organs which are incident to our climate. And not only in formidable at tacks upon the lungs, but for the milder varieties of COLLE, COVOIDS, HOANBENESS, &e.; and for CHILDIEN it is the pleasantest and safest medicine that can be obtaind. As it has long been in constant 'ase throughout'
