A FATHER AND SON WITH SIX WIVES APIRON.—The Manchester (N. Hampshire;)
Mirror gives a long account of the proceedings
in that place and in Rutland, Vt., of two men themselves Dr. Lyman A. Abbott and J. H. Abbott, said to be father and son, who are now under arrest on charge of bigamy. It is stated that they have each within a very short period, married no less than six wives. The father passed at Manchester, N. H., as the "rich old uncle" of his son, and in consequence of his representations the tradesmen of Man chester, were victimized to the amount of several hundred dollars. The career of both parties for a number of years is detailed in the Mirror ere victimized to the amount of severwith great minuteness.

At Newark, N. J., in 1854, the elder Abbott was married to Miss Elizabeth Roberts, who soon discovered that he had a wife living in Syracuse, N. Y. He was consequently arrested for bigamy, convicted and sentenced to ten years in the New Jersey Penitentiary, but was pardoned out after seven months detention. A Miss Gardner of Westmoreland, N. II., states that she married the same man, under the name of Dr. Lyman Andrews, in 1852. In Sussex County, N. J., in 1849, he persuaded a Miss Sherman to clope with him, and they were married by a Justice of the Peace. He was soon after obliged to abscond for threatening wife's life, in order to obtain her property It was also ascertained that the true, original name of the "old Doctor" is Aaron Andrews Abbev, and the true name of the young man James Henry Abbey; the latter being the oldest son of the former by his first wife. Both parties are held for trial.

THE U. S. AGRICULTURAL SOCIETY. - ACtive preparation are being made for the forth-coming exhibition of this Society at Philadelphia. The Committee have secured about 24 acres of land, which includes the strip of ground extending from the road, which passed the main of the State Exhibition, west of the Schuylkill, to the river, and commencing about 400 feet north of Market street.

The trotting course will be in the southern portion of the ground, and the ring will be one half mile around. Stands for the accommodation of from three to four thousand spectators are to be creeted convenient to the course. The stalls for the cattle will extend nearly around the enclosure; agricultural implements machinery, produce, &c., will be exhibited in tents. A saloon for ladies is to be arranged with a with-drawing room, with female attendants, and in which all kinds of refreshments are to be supplied.

A pleasant exception to this disagrecable necessity are the advertisements of Dr. J. C. Ayer's Cherry Pectoral and Pills which will be found in our columns. We have published for him before, and always with the feeling that in so doing we in no wise lend ourselves to deceive or mislead the public, for we have had indesputable proof that his words are strictly true, with abundant reasons to believe that his medicines will do all they promise and all that can be reasonably expected from any medicine.
