

SPORTING.—Mr. King, who recently won \$1000 in Saratoga, on a bet that he could kill 80 out of 100 pigeons "on the wing," is a party to another match of \$1000 a side, the bet being that Mr. King cannot kill 85 birds, single shots, out of 100. John Stetson, Jr., is performing the feat on Boston common, under a mammoth tent, of running or walking, as he may please, 60 miles per day, in twelve hours, for six successive days, on a wager of \$500. A single dash of 500 yards for \$1000, catch weight, came off over the Union course on Thursday, between Saldina and Little Sime, the Jersey jumper. The race was run in 26 seconds, and the judges decided that it was a dead heat. The stakes were then drawn. A second race for \$1000 a side was then made, and won by Saldina, by about three lengths. It was run in 5 1/2 seconds.

ROYAL EXPENSES.—Albert and Victoria receive one million dollars annually. By strict economy they are able to support life on this small amount. It is proposed to settle \$350,000 on the Princess Royal of England, as her annuity, after her marriage with the Prussian Prince. Having been trained to frugal habits, it is hoped that the young housekeepers will avoid all unnecessary expenses, and thus be enabled to make the two ends meet next year.

THE QUICKEST TIME ON RECORD.—The late race between Flora Temple and Tacony, on the Union course, mile heats, Flora in harness, and Tacony under saddle—was won by Flora Temple, in 6 1/2 heat, distancing Tacony. Time, two minutes and twenty-four and a half seconds; being the quickest time on record.

A TRIPLET.—Mrs. Edna Dodge, wife of Hon. James S. Dodge, of Chelsea, gave birth on the 25th ult., to three boys, whose aggregate weight was 22 pounds and nine ounces. Mother and children are doing well.

Piles neglected often prove fatal, leads to consumption; amount the parts three times a day with BALLEE'S PAIN EXTRACTOR. It frees the rectum from the irritant the "Pile Syringe" filled with Extractor, and gradually discharges it as the syringe is withdrawn. It never fails to cure cases of any age or virulence, nor to give entire relief instantly to all, frequently curing by one application.

Piles are known by the heat, itching, and pain the anus. Bleeding piles are caused, chiefly, by the falling of the whole bowels, which then press the intestinal canal tight against the back bones and keep the blood from returning up the vessels, similar to the string in a tied finger when a string is tied around it. It is such a frequent, and for serious humors and ulcers to form therein; then procure a perfect abdominal supporter, and wear a compress to the rectum, and continue to use the salve as above, also rub it well over the loins and abdomen for some time; and the natural heat, that support the bowels will be contracted and made strong, and your life will be saved. If properly applied, every case will be cured. It never fails.

W. JESSUP, Esq., of Columbus, Ohio, Secretary of the Ohio Insurance Company, who was taken to New York in extreme debility, with Piles, had an operation performed by the celebrated Dr. Mott, as the only chance to save his life, accidentally heard of the PAIN EXTRACTOR, states, "For years, his disease defied medical skill, and he was nearly hopeless; but he was cured by the use of BALLEE'S PAIN EXTRACTOR."

All orders should be addressed to C. V. Clinker & Co., 81 Barclay street, New York.

FOR A LODGE IN SOME EAST WILDERNESS.—Such is undoubtedly the exclamation which thousands who are borne down by the arduous duties which must be performed under the rays of a burning mid-summer sun, are sure to utter. But those duties are performed frequently at the serious risk of a burn if not life itself, unless the proper precautions are taken to prevent the effects so easily generated by impudent exposure. Carter's Spanish Mixture, the unrivaled Purifier of the Blood, possesses in a remarkable degree the cooling and purifying influence over the system so necessary in such cases. Its singular power over the Blood, its gentle tonic action on the liver, its stimulating and invigorating qualities, its known tendency to prevent disease by expelling all humors from the Blood, and ridding the system of poisonous infections, has gained for it a place among the highest discoveries of medical science. It is a positive cure for Scrofula, Erysipelas, Ague, Liver Disease, the effects of Mercury, and all such diseases, as thousands who have used it have gratefully come to know. The trial of a bottle will satisfy any who may be afflicted with its effects.
