THESE lands were granted by the Government, to
aid in the construction of this Railroad, and include some of the richest and most fertile Prairies in
the State, interspersed here and there with magnificent groves of oak and other timber. The Road extends from Chicago, on the North-East, to Cairo at
the South, and from thence to Galona and Dunleith,

Economy in cultivating and great productiveness are the well known characteristics of Illinois lands. Trees are not required to be cut down, stumps grubbed, or stone picked off, as is generally the case in cultivating new land in the older States. The first crop of Indian corn, planted on the newly broken sod, usually repays the cost of plowing and fencing.

LOCHMAN respectfully informs the citizens of Allentown and vicinity, that he is now prepared to take AMBROTYPES in connection with ed to take AMBROTYPES in connection with Daguerrectypes. His Ambrotypes are far superior to those of any other operator in town—however much may be talked of the "Patent" Ambrotype, to the contrary notwithstanding. The Ambrotype is a new and brautiful style of picture taken on glass, and unequalled by any other style. They are without the glare of the Daguerrectype, and therefore can be seen in any view. They can be seen on either side of the plate, are not reversed, and show everything in its true position. Their cost is but a trifle more than a daguerrectype, and they are indestructable to the action of the atmosphere, and cannot be injured by rubbing or the atmosphere, and cannot be injured by rubbing or washing. Both Ambrotypes and Daguerreotypes taken in an unsurpassed style without regard to weather. By long experience, arduous toil, a desire to please, and heavy investments of capital, he feels will receive in return a perfect picture, not to be excelled, in point of artistic beauty, by any one in this section of country. He would also invite attantion to his now and splendid stock of cases, which range in price from 75 cents to 10 dollars. Please bear in mind, that pictures can be taken in clear or cloudy weather. cloudy weather.

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Pevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exulted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the Robert of Massachusetts, whose high professional character is endorsed by the Robert C. WINTHROP, Ex-Speaker of the House of Representatives.

the experience of eminent public men is found in

their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together usuch a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obsystem of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly ovious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Fornulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his saferess.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of

A MARVELLOUS REMEDY!

HOLLOWAY'S OINTMENT

The Grand External Remedy. By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these, this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, inflamation of the Lungs, Asthan, Coughs and Colds, are by its means, effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates thro' any bone or fleshy part of the living body, caring the most dangerous inward complaints, that cannot be reached by other means. Erysipelas, Salt-Rhoum and Scorbutic Humors.

No Remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Rheum, Scarvy, Sore Heads, Serofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many farts of the globe, visiting the principal hospitals, dis-pensing this Gintment, giving advice as to lits appli-eation, and has thus been the means of restoring count-

RESOLUTION

Resolved by the Commonwealth.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendments are proposed to the constitution of the commonwealth in accordance. accordance with the provisions of the tenth article

FIRST AMENDMENT.

There shall be an additional article to said constiation to be designated as article cleven, as follows:-OF PUBLIC DEBTS.

Section 1. The state may contract debts, to supply casual deficits of failures in revenues, or to incet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was ob-tained, or to repay the dobts so contracted, and to no other purpose whatever. Section 2. In addition to the above limited power

the state may contract debts to repel invasion, sup-press insurrection, defend the state in war, or to repress insurrection, defend the state in war, or to re-deem the present outstanding indebtedness of the state; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other

urpose whatever. Section 3. Except the debts above specified, in

SECTION 3. Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the state.

Section 4. To provide for the payment of the present debt, and any additional debt contracted as aforeadid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay be accruing interest a succession of the principal and the shall be sufficient to pay be accruing interest to see the surjection of the state of the surjection of the state of th on such debt, and annually to reduce the principal on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by tho state, or the proceeds of the sule of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the state, together with other funds, or resources, that may be gether with other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

Section 5. The credit of the commonwealth shall

not in any manuer, or event, be pledged, or loaned to any individual, company, corporation, or association; nor shall the commonwealth hereafter become a joint owner, or stockholder, in any company, association,

or corporation.

Section 6. The commonwealth shall not assum the debt, or any part thereof, of any county, city, bo-rough, or township; or of any corporation, or associa-tion; unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

Section 7. The legislature shall not authorize any

county, city, borough, township, or incorporated dis-trict, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or
