

Who? What? and Wherefore? OR, A FEW FACTS FOR THE INVALID.—Have our readers ever heard of Professor HOLLOWAY?

WHY? DO WE SPEAK OF HIM HERE? If, when our fellow countrymen were dying by thousands, of yellow fever, at Norfolk and Portsmouth, we had heard of a remedy which would arrest the progress of the disease, and stay the footsteps of the spoiler, and had neglected to communicate it, what would have been our desert?

Years ago, when the Professor was a much younger man than he is at present, his attention was directed to the great disproportion between the cures performed by the Physicians, and those which they undertook to perform.

Let any sick person, who has "suffered many things of many physicians," and obtained no benefit, give heed to these words of ours, and try HOLLOWAY'S PILLS—if he is internally afflicted, or HOLLOWAY'S OINTMENT, if he is suffering from wounds or sores.

A CHURCH FOR LADIES ALONE.—There is a Presbyterian Church in Northampton county, Va., composed entirely of ladies. They are twenty-two in number.

THE DOCTORS AND HOOPS.—The editor of the Medical and Surgical Journal comes out strongly in favor of hoops. He says nothing can be more appropriate during the heat of Summer than those light frames to raise the weight of the skirts from the hips and lower part of the back.

A CRAZY MAN RIDING ON A LOCOMOTIVE "PILOT"—The Chicago Tribune gives this thrilling incident: As a train of passenger-cars entered the station house at Waukegan, a day or two since, a man was discovered riding on the pilot or "cow-catcher," in front of the locomotive.

A CITY OF CHURCHES.—Surely Easton may be called a city of churches. With a population less than ten thousand, in the town proper, we number thirteen distinct church edifices, most of them large and elegant in construction.

A CERTAIN CURE FOR RATTLESNAKE BITE OR SPIDER STING.—Take the yolk of an egg put it in a teacup, and stir in as much salt as will make it thick enough not to run off, spread a plaster on and apply to the wound.

BREAD AND BUTTER.—Among the premiums to be awarded by the Maine State Agricultural Society are a number for the best specimens of bread and the best ten pounds of butter, to be made by girls under 13 years of age.

LET THE PUBLIC BEAR IN MIND, that Scarlet Fever, and other complaints incident to sudden changes of the weather, are peculiarly prevalent at this season of the year.

THE HEAT OF SUMMER which is now so rapidly passing away has left in many cases the system deranged and the blood unhealthy and impure.

THE DOCTORS AND HOOPS.—The editor of the Medical and Surgical Journal comes out strongly in favor of hoops. He says nothing can be more appropriate during the heat of Summer than those light frames to raise the weight of the skirts from the hips and lower part of the back.
