CREAT EXCIVEMENT!

it is an indisputable fact that, at the present time I there is much excitent at exciting all over our country, and great men seem to be discussing the important subject as to whether the Territory of Kansas shall be a free or shave State. But we take pleasure in informing the people of Allentown and variounding country, who desire to live a peaceful life, that we have just received from New York and Uhila delphia a large and heavy stock of Fall and Wieter Goods. We do not think it necessary to "blow" and "gas" about "50 and 40" car loads as some of our neighbors do, and of making groups, believe we can "gus" about "30 and 40" ear loads as some of our neighbors do, and of making glouds believe we can self element than anybody else, because we believe that "housest is the best palicy." We must have a small profit on everything we self, and so must others if they try to make an honest living, which fact is well known by the public. We that and self for CASH, which with "many sales and small profits," however enables us to self alm at as cheap as similar 2goods are sold in the cities, and as cleap as the cheap est in Allentown. These are honest facts and we invite persons to examine for themselves before making purchases elsewhere, which will no doubt convince them of what we say.
