## The Record of a Triumph!

CONSOLATION FOR THE SUFFERING .- There is no little consolation in the thought that, however the impostor may flourish for a season, he cannot long continue to delude mankind. How reputation, and then sink into disrepute and oblivion ! This is especially true of the pretenders to medicals kill, who, in an age when diseases abound, seek to inveigle themselves into the confidence of the public, and to impose upon it with their noxious nostrums. We confess that, years ago, when we first heard of the universal celebrity of professor HOLLOWAY, we distrusted his lofty claims, and arrogated to ourselves a superiority of discernment which would not al w him to entrap our judgment. Most heatily do we beg his pardon for the unjust imputation. A careful study of his system convinced us that we were indeed mistaken, and that the world, doubtedly will hereafter, rank him foremost among its bonefactors. He has solved the mysdealing with the small-pox, than Dr. HOLLOway has done in the ordinary medical routine

of the present day. The human blood is not a mere fluid, coursing through the veins and arteries, and partak-ing of the mere qualities of other fluids. It is startling as the statement may seem-ALIVE. It is, in plain words, ' the life of man.' All physiological diseases, such as indigestion, derang-ed kidneys, liver, heart, lungs, stomach, all impure secretions in the body, and a large major. of epidemic and endemic diseases have their origin, or at least their exciting cause in the impuro state of blood. Cleanse that and keep it cleansed, and no sickness can prostrate, or even assail the system. This splendid discove-ry has given a lustre to Professor Holboway's name transcending the renown of heroes and statesmen. We do not wonder at the great fame he has acquired in Europe, Asia, Africa and Australia. We rejoice that he has visited our own country and opened an establishment in New York, which will be a very TEMPLE OF HEALTH to our own citizens. His PILLS and OINTMENT are the most wonderful sanatives which science and skill have yet produced. -N. Y. Sunday Tunes.

HORRIBLE TRAGEDY-A CHILD FORCIBLY BURNED TO DEATH. - At Lockport, New York. October 14th, a little boy 5 years of age, belonging to a Mrs. Story, on Washburn street, was roasted alive by a fiend name Elizabeth Craig, a white woman, whose husband is a negro. The evidence elicited before the coroner's jury shows that the victim was left with a smaller child by its mother, when Elizabeth joy, happiners and prosperity. Cenie, who lived in another portion of the Craig, who lived in another portion of the house, took the opportunity and entered the apartment, and proceeded to the execution of the deed, which, it has been shown, she had previously threatened. With horrid imprecations of "damn you, damn you !" the child was held on the fire, by its tormentor, until its legs awald, Mr. CONRAD SCHWAB, to Mrs. CATHAand bowels were burned to a cinder, then with satanic revenge, the body of the child was reversed by the murderess until its back was roasted. to a crisp. The little sufferer was found in a corner of the room, and lingered on in an unconscious state until Thursday morning. when he showed a return of consciousness, and was asked by its mother, for the first time, " How came you to burn yourself ?" answered. " Elizabeth burned me," and then, as if recalling the horrors of the awful scene, which were pictured on its imagination, exclaimed " Damn vou, damn you !" evidently an imitation of the On the 10th Mr. SAMUEL SCHNECK, of North imprecations used by its formentor. SCRATCHES IN HORSES .-- It is said that this often troublesome disease, unless very bad. may be cured by washing thoroughly with soapsuds, and then rubbing with lard fried out of salt meat. Keep clean, and wash and grease every other day until a oure is effected. Leaving mud to dry upon the legs of a horse is one great cause of this disease, and many horses are injured by want of care and cleanliness when driven in muddy weather.

## Early Marriages.

Tacitus says " carly marriages make us immortal-that it is the soul and chief prop of empire-and that the man who resolves to live without a woman, and the woman who resolves to live without a man, are enemies to themselves, destructive to the world, apostates from mature, and rebels against heaven and earth.

### The Longest Beard.

The longest beard recorded in history was that of John Mayo, a painter to the Emperor Charles V. Though he was a tall man, it is said his beard was so long that he could tread upon it. He was very vain of his beard, and usually fastened it with a ribbon to his buttor hole. and sometimes he would untie it by command of the Emperor, who took great pleasure in seeing the wind blow it in the faces of the courtiers.
