Lochman's AMBROTYPE CARPETS AND OIL CLOTHS,—Floor Oil Cloths AND DAGUERREOTYPE GALLERY,

No. 9 West Hamilton street, Allentown, Pa. B. LOCHMAN respectfully informs the citizens of B. Allentown and vicinity, that he is now prepared to take AMBROTYPES in connection with Daguerrootypes. His Ambrotypes are fur superior to those of any other operator in town—however much may be talked of the "Patent" Ambrotype, to the conmay be talked of the "Patent" Ambrotype, to the contrary notwithstanding. The Ambrotype is a new and beautiful style of picture taken on glass, and unequalled by any other style. They are without the glare of the Daguerreotype, and therefore can be seen in any view. They can be seen on either side of the plate, are not reversed, and show everything in its true position. Their cost is but a trifle more than a daguerreotype, and they are indestructable to the action of the atmosphere, and cannot be injured by rubbing or washing. Both Ambrotypes and Daguerreotypes taken in an unsurpassed style without regard to weather. By long experience, arduens toil, a design takon in an unsurpassed style without regard to weather. By long experience, arduous toil, a desire to please, and heavy investments of capital, he feels assured that any one who may favor him with a call will receive in return a perfect picture, not to be excelled, in point of artistic beauty, by any one in this section of country. He would also invite attention to his new and splendid stock of cases, which range in price from 75 cents to 10 dollars. Please clear in mind, that pictures can be taken in clear or hondy weather.

FAIR! FAIR! FAIR!

THE Agricultural Fair always attracts considerable A attention in the mind of the public, and always brings scores of strangers to town, most of whon make some kind of a purchase while here, and o make some kind of a purchase while here, and of course try to carry out self-interest by buying where they can get the cheapest and most fashionable articles for the least money. We therefore take this method of informing the public that we have just received our Fall and Winter stock of Dry Goods, Ready-Made Clothing, &c., and which we can afford to self cheaper than any other Store in town, and for the proof of what we say we only ask a call before purchases are made elsewhere, as we don't charge anything for showing what we have, not force any person to buy made elsewhere, as we don't charge anything for showing what we have, not force any person to buy if prires, styles and quality are not suitable. We are confident we have the most fushionable goods in town, because we have no 20 year old stock on our shelves like some others, which is frequently palmed off for new, but nearly everything is fresh, and always mange to keep it so, by selling at such low prices that at the end of each season we have scarcely anything remaining. We buy exclusively for CASII, and by gaining that per centure we can sell lower than those remaining. We buy exclusively for CASH, and by gaining that per centage we can sell lower than those who buy on "tick," and who are therefore compelled to "screw" the discount out of their patrons. These are facts worthy of consideration. We have just unpacked a large and splendid stock of ladies' DRESS GOODS, of the latest styles of plain, black, chang, barred and striped Silks, very cheap, De Laines, Cashmere, De Beges, Plaid De Laines, plain and fancy all-wool De Laines, Coburg Cloths, Alpaceas, Lustres, and Calicoos, of all sorts and prices, from 5 ets. up to 124. Of SHAWLS we have a large and unsurpassed assortment, such as Brocha,—single rand double, Bay State, Cloth, Cashmere, Operas, Stellas, &c., of all prices and qualities. AYER'S PILLS.

A NEW and singularly successful remedy for the cure of all Billions discases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Pevers, Gout, Humors, Nervassiess, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, Gout, Humors, Acryonsness, Irritability, Inflammations, Hendache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is, not more or less required, and much sickness and suffering might be prevented, if a harmeless but effectual Gatherite were more freely used. No person can feel well while a costive habit of bedy prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is allike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep scated and formidable distempers which load the hearses all over the kind. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results aurpassing any thing bitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to fethid the suspicion of untruth. stantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

character as to forbid the suspicion of untruth.

Among the many cuinent gentlemen who have testified in favor of these Pills, we may mention:

Du. A. A. Hayes, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the Hon. Edward Evarth, especially of the U.S. Robert C. Winthrop, Ex-Speaker of the House of Representatives.

Animott Lawrence, Minister Plen. to England. † John B. Fitzpathick, Cath. Bishop of Boston. Also, Dr. J. R. Chillon, Practical Chemist, of New York City, endorsed by Hon. W. L. Marcy, Secretary of State.

WM. B. Aston, the richest man in America.

S. Leland & Co., Propr's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Lills have been used, but evidence even more convincing than the experience of crainent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the preservistate of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of parity, and combined together, in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly convious. While by the old mode of composition, every

in the Cherry Pectoral and Fills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly-onvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind; the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both now Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their remposition was known!

Their life comsists in their mystery. I have no mysteries.

The composition of my preparations is laid open.

the would be taken it their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their near in any mostility.

FARMERS LOOK THIS WAY.

THE opposition say that in a short time the ground will be ready to sow Outs, Barley, &c. How they know this we are not able to say, but this much we will say, that whenever it gets ready, you had better give us a call for one of the best Grain Drills, and warranted at that, (no large talk about refunding monoy.) but if the article is not as represented, it can be returned, and all matters satisfactorily arranged. Likewise, in due time the grass will be in order for hay making, and then we are prepared to furnish you with Allen's Mower, a splendid machine for cutting grass of any kind. And in addition, when desired, we have also the combined Mower and Reaper, of Manny's Patent, which is manufactured upon a different principle from those made heretofore, and warranted to cut grass and grain as fast as one team of ferent principle from those made heretofore, and war-ranted to cut grass and grain as fast as one team of horses can draw it. And further, we have the Pro-mium Corn Sheller of Lehigh county, and as there has been sold a very large number in a short time that have rendered universal satisfaction, we are con-lident in saying, that it has no superior here or else-where. We likewise have a mill for chopping feed, which has been tested thoroughly in different sections, which has been tested thoroughly in different sections, and all who have witnessed its operations, testify to the good qualities of the mill, and recommend it to farmers as an article to save time, and likewise grain farmers as an article to save time, and likewise grain in the amount which is yearly gived to millers in the shape of "toll." In short we have almost any article which farmers require for agricultural purposes, such as Ploughs of almost any pattern, Corn Cultivators, Revolving Hay Rakes, Hay Forks, Corn Ploughs, Corn Ploughs, Corn Planting Lings Spreaders, Threshing Maching Cern Planters, Lime Spreaders, Threshing Machines and Horse Powers of different kinds, and all warrante-ed to give satisfaction. Repairing done in all the different branches, on reasonable terms and at short notice. Any person residing at a distance, in want of any of the above articles, can obtain them by addressing the subscribers at No. 80 West Hamilton st., Allentown, Pa. SWEITZER & SAEGER.

GREAT RAIL ROAD ACCIDENT! \$50,000 LOST AT EASTON.—Great Fall of the Railroad Bridge—two lo-

comotives precipitated into the Canal-One

man killed and several wounded. Accompanying this terrible disaster there still was a strick of luck to the Lehigh Valley Railroad Compay for its occurring at the time it did—on Tuesday afternoon, because on the following norming some 30 or 40 cars were about being loaded by merchants in New York and Philadelphia with new style Fall and Winer Goods, all of which were to pass over the Bridge the same afternoon, directly to Allentown, and there to be unloaded at Joseph Stopp's Chear Cash Store, No. 35 West Hamilton street. It is evident that if these cars, with their heavy freight, had been shipped in time to get on the Bridge, that their immense weight would have oroken down the entire structure, and precipitated their contents into the Delaware, and thus would have incurred a loss to the Company of between \$300,000 and \$400,000; and not this alone, but the citizens of Allentown and vicinity would also have felt the loss, because if this nimense quantity of cheap goods would have seen lost, it would certainly have caused a been lost scarcity, and a rise of 20 per cent. But by gence of the accident was communicated to Philadelphia, and Stopp consequently had his goods loaded during the three successive days, on steamboats, canal boats, wagons, carts, wheelbarrows, la ks of niggers, &c they have commenced to land at his new Store House. His clerks are now engaged both day and night in unpacking and selling goods. As I passed by there last night between 11 and 12 o'clock, I stepped in, and to my astonishment found perfect mountains of goods piled from floor to ceiling. I passed back through the Store and saw a pile of about 500 Shawls, of all colors and prices—from \$25 down to 374 cts. a piece. On the other side I saw about 4000 yards fancy De Laines; and a little fur-ther along about 6000 yds. of twilled Persian Cloth: on the other side I hit my elbow against 14 or 15 cart loads of Calico, and a little further along there was a pile of 8 or 10,000 yds. shirting and sheeting from \$ to 21 yds. wide. I then looked for men and boys' wear, and on one side of the store saw many thousand yards of cloths, cassimeres, sattinetts, Kentucky jeans, tweeds, &c., of all colors and prices.— I then began to get towards the rear end of the store, and my eyes fell on carpets, oil cloths, looking glasses, window shades, glass and queensware. By this time I began to get pretty tired and sleepy, and as I turned around at the end of the store I made a mis-step and down I went, head over heels, into the cellar. When I opened my eyes and my senses were restored, I saw a stack of salt in one corner from floor to There is a considerable saving by taking the ceiling; on the other side there was the nicest sugar, coffee, molasses, cheese, and mackerel I ever laid eyes on. I asked one of the clerks some of the prices, and after I was told. I felt disgusted on reflecting that I had so long been a fool by paying double prices for my goods clse-where. It was almost daytime now, and I dewhere. It was almost daytime now, and I de-termined after breakfast to send you these facts for publication in the Register. In conclusion I will say, both one all, great and small, go to Stopp's Cheap Cash Store, No. 35 West Hamilton street.
