These are described as in excellent condition. THE PRESIDENTIAL ELECTION.—"The people at this election asserted the constitutional equality of each and all the States, and at the opened by means of a special commission, to same time emphatically condemned the idea of obtain from New Granada full indemnity for organizing mere geographical parties, or of injuries sustained by our citizens on the 1sth-marching in hostile array towards each other mus, and satisfactory security for the general from the North, the South, the East or the interests of the United States.

Nebraska bill is discussed at length, and the President says:—"I confidently trust that now, when the pcaceful condition of Kansas affords opportunity for calm reflection and wise legislation, either the legislative assembly of the Territory, or of Congress, will see that no act shall remain on its statute book violative of the provisions of the Constitution, or subversive of the great objects for which that was ordained and established, and will take all other provisions to assure to its inhabitants the necessary steps to assure to its inhabitants the eign, and to enable me to contemplate the specenjoyment without obstruction or abridgement, tacle of amicable and respectful relations contemplated by the organic law of the Terri- quility throughout the Union.

THE FRANKING PRIVILEGE. -It is intimated that the Postmaster General has suggested a modification of the franking privilege. OUR FOREIGN RELATIONS. - These are amicable with all the nations of the world.

GREAT BRITAIN.-When the last Message was transmitted to Congress, two subjects of controversy, one relating to the enlistment of soldiers in this country for foreign service, and the other to Central America, threatened to disturb the good understanding between the United States and Great Britain. Of the progress and termination of the former question the members of Congress were informed at the time; and the other is now in the way of satisfactory adjustment.

THE BRITISH NORTH AMERICAN PROVINCES .-The exports of domestic articles to these provinces during the last year amounted to more than \$22,000,000, exceeding those of the preceding year by nearly \$7,000,000; and the imports therefrom, during the same period, amounted to more than \$21,000,000—an increase of \$6,000,000 upon theres, the same period. crease of \$6,000,000 upon those of the previ-

arisen, nor has much progress been made in the adjustment of pending ones.

Cusa .- Negotiations entered into for the purpose of relieving our commercial intercourse with the Island of Cuba of some of its burdens, and providing for the more speedy settlement of local disputes growing out of that intercourse, have not yet beeen attended with any results.

ON PRIVATEERING .- The President has expressed a readiness on the part of the govern ent, to accede to all the principles contained in the declaration of the conference of Paris. provided that relating to the abandonment of Harrison Hower, privateering can be so amended as to effect the Harrison Crassman privateering can be so amended as to effect the object for which, as is presumed, it was intended, the immunity of private property on the
