ROSE'S PATENT WINDOW BLINDS.

THE subscribers invite the attention of the public to their new patent VENETIAN WINDOW BLINDS, which they are selling wholesale and retail, at their Factory, No. 125 West Hamilton St., Allentown, Penn. These blinds are far superior to any other ever manufactured, and are secured by Letters Patent, known as "Rose's Patent." They are greatly superior to all others in the fact that when they are closed, the upper and lower heads are connected with each other in such a manner that when the upper head is separated or connected with the lower part may be taken down, clean and replaced. This is a great advantage when it is remembered that with the old style of blinds, a mechanic was always necessary to take them down or put them up. In other particulars, too, they exceed by far any other blinds in use. This improvement will be attached to the old-fashioned blinds on reasonable terms.

Orders are respectfully solicited. Persons wishing to secure Patent Rights of the above in any part of the Union, can do so by addressing the undersigned at Allentown, Lehigh Co., Pa.

FAIR! FAIR! FAIR!

THE Agricultural Fair always attracts considerable attention in the mind of the public, and always brings scores of strangers to town, most of whom make some kind of a purchase while here, and of course try to carry out self-interest by buying where they can get the cheapest and most fashionable articles for the least money. We therefore take this method of informing the public that we have just received our Fall and Winter stock of Dry Goods, Ready-Made Clothing, &c., and which we can afford to sell cheaper than any other Store in town, and for the proof of what we say we only ask a call before purchases are made elsewhere, as we don't charge anything for showing what we have, nor force any person to buy. We are confident we have the most fashionable goods in town, because we have no 20 year old stock on our shelves like some others, which is frequently palmed off for new, but nearly everything is fresh, and always managed to keep it so, by selling at such low prices that the end of each season is never reached, nothing remaining. We buy exclusively for CASH, and gaining that per centage we can sell lower than those who buy on "tick," and who are therefore compelled to "serve" the discount out of their patrons. These are facts worthy of consideration. We have just received a large and splendid stock of ladies' DRESS GOODS, of the latest styles of plain, black, change, barred and striped Silks, very cheap. De Laines, Cassimeres, De Beiges, Plain De Laines, plain and fancy all-wool De Laines, Colored Cloths, Alpacaes, Lustres, and a Catalogue of all sorts and prices, from 5 cts. up to 12 1/2.

OF SHAWLS we have a large and unsurpassed assortment, such as Broche, single and double, Bay State, Cloth, Cassimere, Opere, Stellas, &c., of all prices and qualities. Our assortment of DOMESTIC GOODS, is full and varied, among them some superior bleached and unbleached Muslins of all widths, prices and qualities, bleached and unbleached Table Diapers, all widths, &c. Flannels, all wool, of all colors, as low as 25 cts. a yard, bleached and unbleached Canton Flannels, Blankets, Gingham, Checks, Tickings, &c., very cheap. GENTS' MEN'S WEAR, to which branch we pay particular attention. We have a large and heavy stock of READY MADE CLOTHING, of all descriptions, which we offer to sell cheaper than it can be bought anywhere else in town. Among the stock we have all kinds of Frock and Business Coats, Cansons, Plain and Fancy Cassimeres Pants, of all prices, Vests,—black, Satin, Silk, Plush and common, together with all kinds of Cloths, Plain and Fancy Customed, Shirts, Collars, Drawers, Suspenders, Under Shirts, Cravats, Ties, Stocks, Gloves, &c., which we will sell cheaper than the cheapest. Come and judge for yourselves.

WARREN'S IMPROVED FIRE AND WATER PROOF COMPOSITION ROOFING.

Joseph Clewell, Allentown, Agent for Lehigh Co. YOUR attention is respectfully solicited to the above method of Roofing, now much used in Philadelphia and vicinity, and which has been extensively used in many of the cities of the West, during more than eleven years past, during which time it has been tested under every variety of circumstances, and confidently offer it to the public as a mode of Roofing unobjectionable in every important particular, which it combines, in a greater degree than any other roof in use, the valuable requisites of cheapness, durability, and security against both fire and water. This is rapidly superseding the use of all other kinds of roofs, wherever it has been introduced, giving general satisfaction, and is highly recommended by all who have tested its utility. These roofs require an inclination of not more than one inch to the foot, which is of great advantage in case of fire, and in drying purposes. They are offered at a price considerably less than any other roof in use, while the amount of material saved, which would otherwise be used in extending up the walls and framing for a steep roof, often makes a still further important reduction in the cost of building. Gutters may be formed of the same material as the roof, at no extra expense than any other. In case of defect or injury, from any cause, there is no roof so easily repaired. The materials being mostly non-conductors of heat, no roof is so cool in summer, or so warm in winter. Those wishing to see our roof, should call on a pitch of about one inch to the foot, for further information apply to Joseph Clewell, at Allentown, our agent for Lehigh and Carbon counties, who is prepared to execute all orders at short notice.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown why it succeeds it accomplishes the purpose designed. It is easy to make a physical pill, but not so easy to make the best of all pills—one which shall have none of the objections, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unformally tested by the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction of the bowels. In the bowels, therefore, no purgative can be given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms and degrees; Biliousness; Headache; Constipation; Loss of Appetite; Languor; Irritability; Bilious Headache; Bilious Fever; Fever and Ague; Pain in the Side and Loins; for, in truth, all these are but the consequences of diseased action in the liver. As an aperient they afford prompt and sure relief in Constipation, Piles, Colic, Dysentery, Humors, Scrophulous and Scoury, Colic with soreness of the body, Biliousness, Irritability, Bilious Headache, and every case where a purgative is required. They have also produced some singularly successful results in Rheumatism, Gout, Dropsy, Gravel, Pains in the Neck, Pains in the Head, Pains in the Back, Stomach, and Spleen. They will be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or dissipated system to its normal condition. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as it would be equally injurious to the system when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but we suggest themselves to the reason of every body who is afflicted with any of the above complaints, to answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt the wisdom of giving them, and will give up a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions see wrapper on the box.

AYER'S CHERRY PECTORAL.

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary complaint that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been used. It is a simple, safe, and effective medicine, and so numerous the cures of its kind, that almost every section of the country abounds in persons publicly known, who have been rescued from pulmonary consumption, and who bear witness to its efficacy by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are evident in curing the most desperate cases, it will employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks, but in the milder varieties of Croup, Hoarse-ness, &c.; and for CHILDREN it is the pleasantest and safest medicine that can be obtained. It has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by all the Druggists and Dispensaries in West Hamilton, and now offers for sale a full and unequalled assortment of CLOCKS, WATCHES, JEWELRY.
