THE LEHIGH REGISTER. ALLENTOWN, PA. WEDNESDAY, OCTOBER 12, 1859.

PETER C. HUBER & JOHN H. OLIVER EDITORS AND PROPRIETORS.

TO ADVERTISERS. THE" LEHIGH REGISTER" HAS A LARGER CIRCULATION BY SEVERAL HUNDRED Harlacher. C THAN ANY OTHER ENGLISH PAPER IN THE COUNTY.

REMOVAL. THE OFFICE OF The Lehigh Register Has been removed to the room on the second story of the new building now occupied by Neligh & Breinig's Clothing Store, "LION HALL," second door above the German Reformed Church.

To our Readers.

Another election has passed, and with single draught Horse. Tilghm n Heninger, 3: second best, Walter C. Miller. Diploma. Comthe close of a political campaign we expect for a while at least some cessation from the broils and accrbities incident to every warm-Kichline. ly contested election. As Editors, of the

Register we have deemed it our duty by all fur and honorable means to defend the interests of the party, to which we owe allegiance. In pursuance of this duty, it was incumbent on us at times to act on the aggressive, and at other times on the defensive, and to publish, what might prove unpleasant to some of our readers. The task was an unpleasant one, but nevertheless

sternly demanded by what we considered the claims of duty and of right. We have made it our fixed purpose to publish nothing which was untrue, and which we were unable to substantiate. We deem it beneath the purpose of a Journalist to undertake to hoodwink and delude an honest public. at times we have been mistaken, we are al- Dr. T. II. Martin. Dr T. a course, we shall none the less have the satisfaction of knowing and feeling, that it is right. For a while duty shall call us in a differ ent direction from that pursued for the last two or three months, and we shall in our ed Committee do report the above premium

other matters not political, and devote more Levi Bertold from Berks county. which attention to our local department, which circumstances and want of space have compelled us to neglect. A newspaper, although partisan, should meet all the wants of a community, and should be the channel of news of all kinds, such as would make it a welcome visitor to every fire-side in the county. This we shall make the purpose of the Register.

The Election.

THE REPOBLIO OF LIBERIA .- A late letter from Liberia speaks of the encouraging advance of that country in the following terms : "Liberia is on the rapid march to a degree of eminence we have all been long desiring to see her arrive at. Colored men of capital, of business habits of education ; men of mind, genius. and long practical knowledge of mechanical arts, are coming over to share this glorious home with their race. And, more than this, the long neglected treasures lying in the soil are being developed. The sugar cane especially, is being cultivated in a much larger ากลท์ ity than ever before, and sugar mills and lantations are multiplying on the noble St. Paul's River.'
