A DRER IN A RAGE. - The Connersville (Indiana) Times gives the following account of an attack upon some boys by a deer: "A few days ago, three sons of Ephraim Jenrey, who resides in Fairview Township, aged ten, twelve and fourteen years, went to the woods to gath er hickory nuts. While they were engaged i that occupation, a tame deer, belonging to Joh Bates, of the same neighborhood, attacke them. The first caught the eldest boy on it horns and tossed him in the air. The boy fe among some logs, and there lay with his head ast between them, and while in that position the animal endesvored to gore him with his horns, but shielded from its thrusts by the logs. The next eldest boy, seeing the danger of his brother, attacked the deer, which turned on him and tossed him into the air. The youngest boy then made at the deer, and was likewise tossed into the air, but fell on the an mal's back, which frightened it and caused i to run toward a fence close by. The little fel low fell off, and escaped to the fence. The deer returned and commenced its attacks on the two oldest boys, while the youngest started to the house for assistance. He returned at length with his father and a dog. They found the deer stamping the boys, who had become exhausted, and were lying helpless on the ground. The dog instantly caught the deer by the throat and threw it to the ground, but let it go. when he was again set upon it, ann chased out of sight. The deer has since be found dead .-The two oldest boys were severely injured, but are recovering. The horned animal was too much for them, and they would probably have been killed had not aid opportunely arrived.

THE SKINNED MAN-GRATIFYING NEWS .-Mr. Editor: I noticed in the Brother Jonathan a few weeks since an account of " Skinning s Man Alive, by Indians." The name of the unfortunate individual was given as a Mr. Haynes, from Grayville, Indiana. As I live within 18 miles of that place, and know the unhappy man well, it may be interesting to your numerous readers to learn the sequel of that bloody and fearful event. It seems that after the Indians had got his skin, poor Haynes felt faint, and suffered a good deal of pain, as was very natural. One of his companions, in a spirit of compassion, offered the Indians a ker of whiskey for the skin, which the savagepromptly accepted. Another contributed a box of Bump's all-healing salve, with which they ointed their fleved friend, and then drew on his skin again. The latest we have heard from the poor man is that " the skin had took root,' and he was doing well. In the hurry of replac ing it, however, his face was unfortunately set the wrong way, so that he will entirely lose the use of his nose, which now shows itself on the back of his head. Nevertheless, the man is in good spirits, and says that if he finds i inconvenient he can easily overhaul the red-skins again, get re-skinned, and then he will be particular to have the mistake corrected.— Trusting this news from the flayed man will relieve the "horrors" with which your readers must have perused the first account of his mis-

fortune, I am, sir, truly yours,
JOHN J. GIBSON, Mt. Carmel, Ills.

—N. Y. Brother Jonathan.

AWFUL INDIAN CRUELTIES .- A part of Indirecently attacked three or four isolated families living about 35 miles from Eagle Pass, Texas, and committed the most horrible outrages and murders. The whole savage band ravished a Mrs. Hunter and her two daughters. one six and the other nine years of age, and then beat out their brains. They murdered a Mr. Worman, who was at work in his field, and carried away his wife and her infant. By way of amusement they subsequently beat out the brains of the infant, while eating dinner in the presence of the terrified but helpless mother.

SIGNS OF PROGRESS. - The first Omnibuses seen in Syria, have begun to run at Beyrout.
Crowds of natives stand gazing at them for hours with wonder and admiration. We shall next hear of City Railway Cars in Damascus, and when the people become sufficiently refined and enlightened, we may look to see the Syrians sending regularly to procure their garments at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos 603 and 605 Chestnut street, above

MORNON IDEA OF HEAVEN -Elder Middlemas one of the Saints of Mormondom, in a re-cent sermon at Salt Lake city, thus gave his idea of Heaven:

I do not believe Heaven is that fairy, airy place of fancy that most people think it is. It is a bona fide place of materiality, much resembling this earth, only, of course, it is thouthand the sarth, only, of course, it is thouthand the sarth, only, of course, it is thought the sarth. sands of times larger, and everything there exists in greater perfection than the things of this earth. It is a globe just like this planet we inhabit. It is the home of God and the angels. That passage in the Scriptures which reads. — "A day with the Lord is as a thousand years as a day," clearly establishes the fact that Heaven is a planet, a rotating globe, governed by the same natural laws and astronomical principles that this earth is governed; but it is so much larger than our little star, that it takes 365,000 times longer to make a revolution upon its orbit than the earth. So we see

there is a channel of communication extending and as soon as he gets it he will take it right to the hands of the printers, they will set it up in type and print it in newspapers, and then boys or men will jump on horses and ride around, giving the ishabitants of heaven the latest news concerning the kingdom of God on earth. There are more than two reporters here-more than brother Long and Watt: I be nere-more than orether hone and watt; to be lieve there is a reporter here from heaven to find out who is speaking what he is speaking about, and everything else of interest. He sends the items, as fast as he gets them, right up to heaven, and they are printed.
