Wonderful accounts are given in the California papers of the richness of the fa-mous Washoo valley, or rather Carson valley, inver mines—far ahead of the world-renown-ed mines of Chili and Peru. The vein being ed mines of Chill and Feru. The vein being worked is situated just over the line of Cali-fornia, in Utah Territory, distant about 175 miles from Sacramento city, perfectly accessi-ble by teams, over 400 hundred of which are now hauling over that route to and from Salt Lake. The mines were discovered by a man named Comstock, and as usual, he sold his claims for a small amount to different parties, claims for a small amount to different parties, who are now working them. One company, moves at the Walah Company, are getting out, at the rate of two tons a day of the silver ore, bestandarish tons of the quarts strip-ped from all vein; which has been yielding by the Mexican "Arasts" process, over \$400 per day; but the gold is lessening as they go down, and gradually merging into silver.— The vein has been index thousand feet. The Watah Company have 1,400 feet; next comes Bryant & Raymond, who own fifty feet, for which they paid \$400 per foot, from which comes Bryant & Raymond, who own fifty feet, for which they paid \$400 per foot, from which they have already ahipped: thirteen tons ore, worth, by actual domonstration over \$3,000 per ton. From the Walsh vein there have been about twenty-eight tons ahipped. This ore is sold for from \$2,500 to \$6,000 per ton, containing both gold and silver, but silver nrincipally. principally.
