PERSONS WANTING CHANGE OF climate for health, see advertisement of Hammonto Lands in another column.

He constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The sarofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venercal infection. Whatever be its origin, it is hereditary in the conever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I vill visit the iniquities of the fathers upon their children.'

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to with-stand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

#### AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SEIN DISEASES, ST. ANTHONY'S FIRE, ROSE, OF ERYSIPPLAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and Salt Rheum, Scald Head, Ringworm, RHEUMATISM, SYPHIBITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIA-TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this vital fluid, without which sound health is impossible in contempreted constitutions.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

FOR ALL THE PURPOSES OF A FAMILY PHYSIO, are so composed that disease within the range of their action—an Irarely withstand or evade them Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy yitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanne, containing certificates of their cures and directions for their use in the following complaints: Costireness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Coughs, Colds, Influenza, Hoarseness Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so nu-merous are the cases of its cures, that almost every section of country abounds in persons pub-licly known, who have been restored from alarming licly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted thoy can never forget, and produced cures too numerous and too remarkable to be forgotten.

#### HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TBRS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation herotofore unknown. A few flicts upon tation herotolog discovering the post-this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consamption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in three past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation and the sauction of the most prophysicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is

destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billous complaints have counted their victims by hundreds. able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like disenses, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indepensable for the restoration of health: It operates upon the stomach, liver, and other digestive organs. mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years as it is pleasant to the pulate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this who have experienced to beneat or using the preparation while suffering from stomach degrangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the marity of this winds. A few words to the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harnssing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer reason, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, and diseases or desingements of the stomen, superanniared invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfure by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Chebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label. Reliable Testimony.

We call the attention of the render to the following letter from President Smith, of Wesleyan University: MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen: - 1 that made use of the Oxygonated Bitters come seven or eight years since., Having suffered for twenty years from a form of dyspensia, which was attended with a

norvous heads he, on an average of not less than one day in a week, I was induced, by the unpretending recendation of Dr. Greon, " to try one bottle, and it no bonefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or lour, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dy peptic sympto and their depressing, painful consequences. these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myselt as exempt from Dyspepsia es most persons. These Bitters have also been of ser

vice to other mombers of my family.

Very respectfully yours,

AUGUSTUS W. SMITH

THE OXYGENATED BITTERS. STOUDARD, N. H., Sept. 30, 1850. Messra, SETH W. FOWLE & Co.,

Gents: - I was, for many years, a great sufferer from Dyspensia or Waterbrash, and tried almost everything my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Blitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, l should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen buttles, I had entirely regained my health. I hope all Dyspentic persons will be induced to give them a fair rial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been pro-
