could never have been sold but for the rare

medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but

re ready at all times to give testimonials to its

efficacy in all cases of stomachie derangements

and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Eitters, but a solid estimation of an invaluable medicine, which is

destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved

a Godsend to regions where fever and ague

and various other bilions complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspersia and like

diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter

from the stomach, putifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable

for the restoration of health. It operates upon

the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find

in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic,

Invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this proparation while suffering from stomach de-rangements and general debility; acting under the advice of physiciang, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the yentler sex. There are certain periods when

wentler sex. There are certain periods when

their cares are so harassing that many of them sink under the trial. The relation of mother

and child is so absorbingly tender, that the mother, especially if she he young, is apt to

forget her own health in her extreme anxiety

for her infant. Should the period of maternity

arrive during the summer season, the wear of

body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-

rate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora-

tors that receive the endorsement of physi-

cians, because it is agreeable to the taste as

well as certain to give a permanent increase

of the functions of nature.

Great Reduction in Prices. Ayer's Sarsaparilla

A compound remedy, in which we have la-bored to produce the most effectual alterative that can be minde. It is a concentrated extract of Para Sarsuparilla, so combined with other substances of still greater alterative power as substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted follow-citizens. How completely this compound will do it has been proven by experintent on many of the worst cases to be found

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUNORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISEASE, DROPSY, NEU-BALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, on Sr. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF

This bittoob. This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many runkling disorders are nipped in the bud. Multitudes can, by the hid of this remedy, sugge themselves from are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse the vitiated whenever it is foul, and your feelings will tell structed and suggish in the vents; clause to whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no

lasting health. Sooner or later something nust go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been cgregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sassuparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the discases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should --tf

 From Ren. Jacob Schler, woll known and highly respected throughout the State of Pennsylvania. HANOVER. PA., Feb. 16, 1859.
 Messrs. S. W. FOWLE & CO., BOSTON. — Dera Sirs: Having realized in my family important benefits from the use of your valuable preparation. — Wistar's Balsam of Wild Cherry. — it afbords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little longes of for recovery were entertained. I then procured a bottle of your ex-cellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, mado frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against importion, because there is a good deal of spurious. Wittm's Balsam of Wild Cherry offant throughout the country.
